Another State Joins Honor Role for President Taft.

Political.

TAFT DELEGATES FROM COLORADO.

Not a Roosevelt Man in the Number Chosen.

Coup of the Third-Timers Fails in Convention.

They Break in a Door but Fail to Land.

(BY A. P. NIGHT WIRE TO THE TIMES.)

COLORADO SPRINGS (Colo.) March 27.—The State Republican convention here today selected eight delegates-at-large to the Chicago national convention, instructed for President Taft, adopted resolutions endorsing the Taft administration and chose United States Senator Guggenheim as National Committeeman from Colorado. The Taft administration and its endorsement were adopted by a vive voce vote and Senator Guggenheim was chosen National Committeeman over Philip E. Stewart of Colorado Springs by a vote of 457 to 241.

Never after the first test vote this morning on temporary chairman when Thomas H. Devine of Pueblo, the Taft candidate, was elected over Ben Griffith, the Roosevelt candidate, by a vote of 456 to 242, was there a doubt as to the adoption of the programme agreed upon by the Taft leaders early today after an all-night conference. The Roosevelt adherents, although hopelessly outnumbered, carried their fight to the floor of the convention but the minority report endorsing Roosevelt and recommending that two delegates-at-large be given to the Roosevelt forces was rejected overwhelmingly.

The delegates-at-large follow: United States Senator Guggenheim, T. H. Devine, Jefferson Faris, Crawford Hill, A. M. Stevenson, Irving Howert, A. N. Parrish and J. F. McDonald.

ROOSEVELT COUP.

The Roosevelt delegates forced the doors of the convention hall shortly after 10 o'clock and selected a block of seats in the rear of the auditorium. With this advantage, they planned to carry their fight through the convention, supporting Phillip Stewart of Colorado Springs for temporary chairman, presenting the names of Phillip Stewart and Joseph Ewing of Weld county, for delegates-at-large, and securing a resolution endorsing Roosevelt.

The coup, forcing the doors, caused delay in seating other delegations and it was 11 o'clock when the convention was called to order by State Chairman J. H. McDonald.

Although this fight was controlled by a 2 to 1 vote there was no disposition to employ steam-roller tactics and the Roosevelt minority contained itself with cheering. Granted its request for representation on the resolutions committee, the minority supported the plan of organization agreed to early today.

TWO SENATORS ELECTED.

Legislature of New Mexico Chooses Albert B. Fall and Thomas B. Catron, Republicans.

(BY A. P. DAY WIRE TO THE TIMES.)

SANTA FE, March 27.—Albert B. Fall and Thomas B. Catron, Republicans, were elected today United States Senators from New Mexico. The fate of the latter hung in the balance when the roll had been called. He lacked four votes, but before the result was announced, several Legislators changed their votes and Catron was elected. It was the Spanish-Americans on the Republican side who changed their minds at the critical moment. The roll was finally announced, thirty-five being needed for election, was as follows:

Republicans: A. B. Fall, 29; T. B. Catron, 28; L. Bradford Price, 3; O. A. Larrazola, 2; Eugenio Romero, 1; William J. Mills, 1; José D. Sena, 1. Democrats: Felix Martinez, 25; A. Jones, 12.

Insurgent Republicans: Herbert J. Hagerman, 2; W. H. Gilpin, 2. Senator-elect Fall and Catron expect to leave New Mexico for Washington to present their credentials.

Both men came from the South. Fall having been born in Frankfort, Ky., in 1861, Catron in La Fayette county, Missouri, in 1863. Fall has been Attorney-General of New Mexico Territory. Each has served several terms in the Territorial Legislature, and each was a member of the Constitutional Convention.

Fall worked in a cotton mill when a boy, then was a cow-puncher, miner and school teacher, and a captain in the Spanish-American War. He is married and has a son and three daughters.

Catron served in the Confederate army as a captain and in his early days in New Mexico was a law partner of the late Senator Stephen B. Elkins. He is a widower and has four sons.

LAY DOWN THEIR HAND.

Roosevelt Forces Practically Abandon St. Louis, as Indicated by Filings of Primary Nominations.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, March 27.—[Exclusive Dispatch.] This was the day for the filing of Republican delegations for the primary election, April 10. Supporters of President Taft filed delegations in every ward of the twenty-eight in which the city is divided, but one. In this the Roosevelt delegations were filed without contest from the Taft men. Contest delegations were filed only in eight wards by the Roosevelt supporters and it was not certain that all of these were put out Roosevelt delegations, the filings being made on account of ward eight on local issues.

The result of the filings was the practical abandonment of any attempt of the Roosevelt men to set the St. Louis delegation. The Taft people are jubilant tonight over the outcome.

In comparing the reception committee and the list of Vice-Presidents the Roosevelt managers paid no attention to support. In fact the list of Vice-Presidents is so large that it all of them should attend, it would virtually insure the election of Taft men for the Oyster Bay candidates. The prospects are for a very lame nomination tomorrow.

RAP'S BIG BUSINESS, TELLS OF "CRIMINAL FARCE."

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, March 27.—"Big business" and the control of corporations were discussed by Roosevelt in a speech here tonight. He said the government's trust prosecution in the oil and tobacco cases had accomplished nothing of real worth.

Mr. Roosevelt said in part:

"In my speech at Columbus I tried to develop two main lines of thought, first, that the people have the right to rule, and that through the exercise of this right we must obtain social and industrial justice, and second, that our aim must be to control business, not to stifle it.

"The three great classes of the American community are the farmers, the wage workers and the business men, big and little, wholesale and retail. It is essential that all three shall prosper. It is essential that there shall be a just, equitable division of prosperity that has been the case in the past.

"As regards prosperity, there are two things to remember, first that all the divisions of prosperity are not to be a benefit, and second, that there can be no such division of prosperity unless the prosperity is to vote, until the polls closed at 9 o'clock.

"In three election districts of the Twenty-fifth Assembly District the ballots did not arrive until four hours of 9 o'clock, and here again the county of New York had had a lead that right to throw out over a hundred thousand people only because it was known that they were supporting the Roosevelt ticket. Every inspector kept was an anti-Roosevelt man.

"I have received today from Judge Charles H. Duerl, the chairman of our Executive Committee in New York City, a citizen of the highest type, formerly a judge on the bench, always a man of the utmost fearlessness and the highest standard of integrity, a statement of the following facts:

"Judge Duerl telegraphs that in the Seventh Assembly District, where William Halpin is leader, every one of the eighty election inspectors were removed and the Roosevelt men substituted. In ten election districts of the Twenty-sixth Assembly District the ballots did not arrive until 8 o'clock in the evening. The polling places had been filled up with the Koenig-Taft men, who occupied the remaining time in voting, and gave the Roosevelt men no time to vote, until the polls closed at 9 o'clock.

"In three election districts of the Twenty-fifth Assembly District the ballots did not arrive until four hours of 9 o'clock, and here again the

county of New York had had a lead that right to throw out over a hundred thousand people only because it was known that they were supporting the Roosevelt ticket.

"The battle for the renomination of President Taft is as good as won in fact, it can be truthfully said that the battle is already won.

"The result of the primaries in New York, while it only goes to confirm absolutely the claims that were put forth by the President in that State, is a staggering blow to any hope of success that may have existed in the minds of the most ardent and sanguine adherent of the Rooseveltian doctrine and of the colonial himself.

"With Indiana and New York swung in favor of Roosevelt, and with equally good results announced in other States, including Illinois, there is a scant crumb of comfort left for Col. Roosevelt.

"The result of the primaries in New York, while it only goes to confirm absolutely the claims that were put forth by the President in that State, is a staggering blow to any hope of success that may have existed in the minds of the most ardent and sanguine adherent of the Rooseveltian doctrine and of the colonial himself.

Happenings on the Pacific Slope.

High Spirits.

NEW SENATORS ARE ACCLAIMED.

A. P. NIGHT WIRE TO THE TIMES.

Arizona Joint Session Ratifies Their Election.

Eloquent Addresses of Acceptance Are Heard.

Senators-Elect Are Now En Route to Washington.

BY DIRECT WIRE TO THE TIMES.

PHOENIX (Ariz.) March 27.—*Exclusive Dispatch.*—At noon today a joint session of the Arizona Legislature was opened yesterday, members of the two Houses and former Senator-elect Marcus A. Smith and Senator-elect A. H. Ashurst to be the first Senators from the new State.

Though filled to the utmost with gravity, the occasion was a patriotic one throughout. The Democratic Constitution and the Democratic Constitution differed in the speeches that concerned the greater part of the time. The joint session well filled the floor of the House chamber, while the galleries were crowded, the pupils of a grammar school near by swell the throng. President Cunniff of the State Senate handled the strange business with tact and decorum, and after a report of the election, which was declared Smith and Ashurst elected to represent the State in the United States Senate.

The Senators, presented by a joint committee, addressed the audience, and the Senate adjourned to the service of the people.

He said that the Fiscal Agency Company was given the agency for the sale of stock in the various concerns and that the company sublet the agency to the Ellsworth company.

De Forest said he would not resist removal to New York and that he was confident of clearing himself of the charges.

WILL VOTE ON BONDS.

BY A. P. NIGHT WIRE TO THE TIMES.

San Francisco People to Pass Today on Question of New City Hall and Civic Center.

BY A. P. NIGHT WIRE TO THE TIMES.

SAN FRANCISCO, March 27.—San Francisco will determine tomorrow at a special election whether the city is to be bonded for \$5,000,000 for the construction of a City Hall and the creation of a civic center. Semi-civic organizations generally are in favor of the plan.

The creation of a civic center was a beautiful addition to the spirit of Arizona.

Its conclusion and the approach of the election, he arose to move to postpone his motion.

The motion was carried.

The Oregon-Washington Trust Company, with headquarters in Portland, is said to have been organized with the intent to make it appear a solvent concern, capitalized at \$5,000,000, all paid up, when in truth it owns nothing whatever.

WANTS BAKER DISMISSED.

GOVERNOR FILES CHARGES.

BY A. P. NIGHT WIRE TO THE TIMES.

CARSON (Cal.) March 27.—Gov. Oddie filed formal charges against Warden Ray Baker of the State Penitentiary today and called a special meeting of the prison board, at which he said he would ask Baker's dismissal.

The Governor accuses the warden of gross extravagance, unnecessary expense, and carelessness.

The civic center plan provides for purchase of land in the vicinity of the City Hall site.

This property will be converted into a park, and in the territory thus embraced a new building will be erected for the construction of a new City Hall.

The civic center plan provides for a State Building on the property.

Plans for the City Hall have been prepared and if the bond issue is authorized, work will be begun immediately.

It is proposed to have a civic center completed by 1915.

RAISING PHARMACAL PLANTS.

CULTURE FORGED IN STATE.

BY A. P. DAY WIRE TO THE TIMES.

SACRAMENTO, March 27.—Under the new climate and soil conditions are favorable to the profitable culture of pharmacal plants, according to a bulletin issued by State Forester Homann, of which the leading articles were written by Albert Schneider, editor of a pharmaceutical journal in San Francisco. The development of pharmacal plant culture in California, he says, might be the beginning of an industry which will add greatly to the growing of the United States of medicinal plants now imported into the country to the extent of \$18,000,000 worth annually.

Schneider gives a list of thirty medicinal plants which have been experimented with and have been proved to be profitable ventures if cultivated on a large scale, and also a list of medicinal plants growing in California today, mostly in the forest lands, which will not be less than 500 separate plants.

STOCKHOLDERS RELIEVED.

ONLY OFFICERS LIABLE.

BY A. P. NIGHT WIRE TO THE TIMES.

SAN FRANCISCO, March 27.—Superior Judge J. M. Shewell ruled that stockholders of the State Penitentiary are not actually officers of the institution and cannot be held financially responsible in case the bank fails. The decision was made in the case of the defunct California Safe Deposit and Trust Company on demurer interposed by stockholders. The court of three circuit relieves a number of wealthy stockholders from responsibility and thereby lessens the probability of depositors recovering.

MISS GOULD COMES WEST.

ARRIVES AT SALT LAKE.

BY A. P. NIGHT WIRE TO THE TIMES.

SALT LAKE CITY, March 27.—Helen Gould and party arrived here en route to the Pacific Coast.

Miss Gould again denied that she was going to invest her fortune in the Gould railroads. The party left here at 3 o'clock over the Western Pacific Railroad for San Francisco.

GETS IN LINE OF FIRE.

ARMY TUG IMPERILED.

BY A. P. DAY WIRE TO THE TIMES.

SAN FRANCISCO, March 27.—A shell from one of the Coast defense guns passed over the stern of the army mine-planting tug Gen. Barrett during target practice here when a sudden tidal current swung the vessel into line with the canvas target.

Barrett was hauling across the outer harbor. From the cloud of spray that arose at the boat's side the shot missed the hull by only a small margin.

Frantic signals to cease firing were made to shore, and the tugs steamed out of the line of fire.

INHERITANCE TAX HELPS.

ADDS TO STATE FUNDS.

BY A. P. NIGHT WIRE TO THE TIMES.

SACRAMENTO, March 27.—An inheritance tax of \$756,250 was received in the office of the State Comptroller today from L. C. Lewis, controller of the R. J. Waters estate of approximately \$400,000. Waters was a Redlands banker. The State Comptroller also received the inheritance tax from the estate of Charles Matthews, who died in Yuba County in March, 1911, leaving \$55,000. The tax on this estate amounted to \$1,225.50.

HIGHWAY CLAIMS.

CONTROL BOARD APPROVES.

BY A. P. NIGHT WIRE TO THE TIMES.

SACRAMENTO, March 27.—Claims of the State Highway Commission aggregating \$60,000, many of which have been held up since February 8, when the discussion on the rights of "pre-existing claims" on the highway bond funds first started, were approved today by the members of the State Control Board. The approval of these back claims, according to members of the control board, does not mean that the highway commission has been reached. The test case, in a friendly suit before the Third District Appellate Court, will be arranged as soon as the two boards can hold a conference on the matter.

COURTSMEN INVOLVED.

COURT-MARTIAL COMING.

BY A. P. DAY WIRE TO THE TIMES.

OROVILLE (Cal.) March 27.—The enlisted men of Co. I, Second Infantry, California National Guard, are to be court-martialed for failing to report at annual inspection.

Warrants have been issued for six of the men, charging violation of an order by a superior officer. This offense is not only military but civil, and the warrant will be issued under the State Commission, which places the criminal penalty at a \$50 fine and six months' imprisonment. Those involved are E. Blackmore, C. C. Siebe, Henry Badowski, Charles Glover, Wilbur Jackson and A. S. Bell.

Washington.

SEEK NEW SITE IN LONG BEACH.

Treasury Wants Land for the Federal Building.

San Pedro Is Now Also in Line for Like Gift.

Californians Make Earnest Plea to Save Mint.

BY DIRECT WIRE TO THE TIMES.] WASHINGTON, March 27.—[Exclusive Dispatch.] The Treasury Department is seeking a site for a new Federal building in Long Beach. Congress appropriated \$40,000 with which to buy a site and after considerable study, the department picked out what it thought was the most suitable and best located one of all the sites offered, but when it came to delivery the parties making the tender could not deliver it. The department now finds it must start anew.

Representative Stephens was in consultation with officials of the department today and it was decided to give notice that new tenders will be accepted and that the department will try to select a satisfactory location from among those submitted.

SAN PEDRO IN LINE.

San Pedro is in line for a new public building. Representative Stephens today introduced a bill carrying an appropriation of \$40,000 to provide a site and should the Democratic caucus decide that the public buildings bill should be introduced at the session, Stephens thinks he can get a provision made for the San Pedro site. He wishes to make arrangements when it comes to considering the building itself for accommodating all the Federal offices who may be quartered in San Pedro, except the officers, inspectors of public and foreign immigration officials, in short, all officials of the government at this port. Stephens has already been canvassing the commissioners regarding San Pedro. He is prepared to give strong support to that the creation of a public building in that busy port is a pressing need.

TO HAVE THE MINT.

All members of California delegation in the House except Kuhn, who has gone to Caribbad with diabetes, attended a special meeting of the Appropriations Sub-Committee today and made an earnest plea for continuance of the appropriation for the San Francisco mint. The members all addressed the committee and on leaving, said they felt that they had made a favorable impression and they strongly hoped their appeal would be granted.

FATIGUE IS APPALLING.

CHINESE ARE POWERLESS.

BY A. P. NIGHT WIRE TO THE TIMES.] WASHINGTON, March 27.—Conditions in the famine district of China are described as dire. American Minister Caulfield at Peking says the Chinese government is helpless. The Red Cross headquarters today says the Red Cross today called \$12,000 to the Shanghai Relief Committee, making a total of \$90,000 since January 1. New York supplied \$20,000 of the amount dispatched today.

CURRANTS FROM GREECE.

Report of the American Consul to Paris on the Conditions of the Industry There.

BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 27.—[Exclusive Dispatch.] Consul Arthur B. Cooke of Patras, Greece, reports on Greek currants as follows:

The current market here has shown a steady tendency to rise during the past four or five years. This seems to be due in part to somewhat short crops and in part to a shortage of dried fruit on the other world markets for several seasons and in no small degree to the influence of the principal company. The company, providing warehousing for the storage of currants by growers (at a low interest rate), by advancing cash on the fruit and by fixing minimum prices for the several grades of fruit, which are all dried, has enabled the small fruit offered at their store to be more independent of the merchants and to demand better terms for their fruit. It is doubtful if there is any higher margin of profit to the currant merchants in the higher price. The prices

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

C HICAGO, March 27.—[Exclusive Dispatch.] Another spring day, the second of the year, was enjoyed in Chicago today. The maximum temperature was 47 and the minimum 35 deg. Middle West temperatures:

CARLOAD OF BIRRIES COMING.

CHICAGO, March 27.—A freight car containing 3610 boxes intended

for hotels in Los Angeles, Cal., will pass through Chicago tomorrow. The Bibles will be distributed by the Gideons, who two years ago started to place a Bible in every hotel room in the United States. Within the last year 35,000 Bibles have been placed in California hotels.

TO DEPORT BLACK HAND CHIEF.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ST. LOUIS, March 27.—Gaston Vilain, 55 years old, said by the police to be the leader of the "Black Hand" gang in the German quarters here, was apprehended to have been in Palermo, Italy, by the government, at the instigation of a police captain in "Little Italy." An immigration inspector told the police captain last night Vilain could be deported under the new immigration laws which provides that aliens with criminal records in their native land can be denied admission to the United States or sent back after they have been admitted. This is the first effective action taken by the St. Louis police by which undesirable foreigners can be dealt with. Prosecution has failed because foreign complainants have refused to prosecute and witnesses have refused to testify. According to information from P. J. O'Brien, vino was arrested several times for connection with the Mafia and the Camorra.

THIEVES ACCEPT INVITATION.

[BY A. P. NIGHT WIRE TO THE TIMES.]

CHICAGO, March 27.—Mrs. John Bellen, living in Ward street, was so angered when thieves raided her coops and stole twenty chickens that she avenged for the culprits to come back and take the two she had left. She was accommodated by the thieves, returned last night and stole the remaining dozen.

A committee appointed by the business men to meet with a committee

of strikers for the purpose of settling their dispute to be held here, where they propose to close the day after and resume their strike.

[BY DIRECT WIRE TO THE TIMES.]

ABERDEEN (Wash.), March 27.—[Exclusive Dispatch.] Every mill in Aberdeen is closed today and reports that all mills there have been admitted. This is the first effective action taken by the St. Louis police by which undesirable foreigners can be dealt with. Prosecution has failed because foreign complainants have refused to prosecute and witnesses have refused to testify. According to information from P. J. O'Brien, vino was arrested several times for connection with the Mafia and the Camorra.

Class I wool needs no protection as
indicated by actual figures of sales
shown by the actual cost of protection
to the needed duty. It is not ex-
pected to be 20 per cent. A duty of
20 per cent would be considerably in ex-
cess of the requirements of protection
of the wool. The requirements of protection
of the wool are indicated by the
industry, at least, to general farming and lan-
ding.

the Democrats of the House

**A FEW DIAPEPSIN CURE A GASSY,
UPSET STOMACH IN FIVE MINUTES.**
If you could eat a few of these now all Indigestion, Sourness,
Heartburn and Dyspepsia would vanish.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapepsin. It makes such misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated please, for your sake, try Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant preparation which truly belongs in every home.

reduction," the Republican members of the Ways and Means Committee today submitted a report on the minority bill, introduced last week, which would reduce the wool duties about 40 per cent from the rates under the Payne-Aldrich bill.

The report, submitted by Representative Payne, was signed by the Republican members of the committee. Representatives Payne, Dalloul, McCall, Hill, Needham, Longworth and Fordney.

Summarizing the conclusion of the committee Chairman Underscored several points and painstaking analysis of the wool report of the tariff board dictates conclusions as follows:

"The theory of applying tariff duties according to the difference in cost of production in this case, formulates upon which the board has based and prepared its report, is entirely erroneous and untenable. If this theory could have been systematically and carefully applied it would have afforded trustworthy basis for guidance in preparing tariff legislation."

The board's report is fragmentary and incomplete and rests on an incorrect statistical basis.

After a careful and favorable examination of the report, conclusions as to duties can be reached for only a few paragraphs of the wool schedule, and for these paragraphs it is not possible to formulate definite conclusions. The theory is very widely and seriously lack in uniformity and comparability. So much is the case that justification is apparently afforded in the report for those that are in conflict with one another. It thus appears that the report leaves the question of the proper basis for the wool duties as much unsolved as before the tariff board was formed.

So far as conclusions can be drawn from the board's report, it furnishes nothing to justify any change in the existing wool duties.

After reviewing the Democratic attempt of last year to revise the wool schedule and the President's veto, the committee quotes the report on the existing wool bill that "it would be with the people to give consideration to Republican demands of more delay in this matter."

"Notwithstanding this conviction," the report continues, "the Democratic members of the House of Representatives, in their efforts to respond to the demands of the people, have openly voted a schedule of indefensible duties, was forced to delay further efforts to the protests of the American people."

"Notwithstanding this conviction," the report continues, "the Democratic members of the House of Representatives, in their efforts to respond to the demands of the people, have openly voted a schedule of indefensible duties, was forced to delay further efforts to the protests of the American people."

NEWS IN BRIEF.

Washington to Organize.
Former residents of Washington (State) will meet in room 716, Story building, Monday evening at 7:30 to organize a society.

Buy Discharge from Army.

Dispatches received from Washington last night state that Private Edward Meyer, stationed at the Los Angeles Recruiting Station, No. 422 South Main street, purchased his discharge from the army yesterday.

“Personal Visit” Committee.

President Osborne of the Chamber of Commerce appointed a committee to arrange for the entertainment of the “personal visit” of representative San Francisco business men, due here the latter part of April. The committee includes Louis M. Cole, chairman; F. W. Braun, A. L. Stevens, M. G. Cooper, E. B. Rivers and B. N. Coffman.

“Booster” Banquet Tonight.

The Advertising Club and the Sales Managers’ Association of this city will give a banquet this evening at 8 o’clock at the Westminster Hotel, in honor of Hugh Chalmers, president of the Chalmers Motor Car Company, Detroit. Roger M. Morris will be master of ceremonies; talks will be made by M. R. McLaugherty for the Sales Managers’ Association, R. M. Andrews for the Advertising Club, Charles S. Fee of San Francisco, “Railroads and Commerce”; William Condon of San Francisco, “Annual Condition of 1912”; Hugh Chalmers, “The Principles of Business Success.”

On a Strenuous Trip.

President Jordan of Leland Stanford University will be in the city next week and has tentatively arranged the following programs and itinerary: Monday, three talks before the civic organization in Los Angeles; Tuesday and Wednesday at Redlands, San Bernardino and Riverside; Thursday, luncheon and address before the Los Angeles Peace Society in the evening; Friday at San Diego; Saturday address before the Los Angeles County Club at the Westminster at noon, inspection of the natural history exhibits at Exposition Park, address before the Academy of Sciences at Blanchard Hall at 4 o’clock, address before the Severance Club, attend the Stanford alumni banquet in the evening.

For Our Readers.

The directors of the Chamber of Commerce adopted resolutions yesterday that necessary steps be taken to force close inspection of all fruit and ship stores loaded for the Coast from the Hawaiian Islands, which are now in the port of Los Angeles, on account of the Mediter- raneanfly, a remedy for which has not been discovered.

The necessity for this is that one of the principal sources of income to California is its fruit production; also that a large force of experts and a company must be placed under the chief deputy quarantine officer so that proper and close inspection can be made not only in San Francisco, but at other ports along the coast; furthermore, that Congress be urged to pass a bill now before it appropriating \$36,000 for the purpose of fighting the Mediterraneanfly.

BREVITIES.

Thousands of andirons, fire sets and basket grates retailed at wholesale prices at J. W. Frey’s Mantel House. The Times Branch Office, No. 116 South Broadway. Advertisements and subscriptions taken.

Enigma.

IS IT SANCTITY
OR INSANITY?

HOLY ROLLER PERPLEXES THE
POLICE SURGEON.

Is Patient Freak of Nature or
Humbug With Remarkable Con-
trol Over Feelings?—Lunacy
Commission Will Be Asked to Solve
Puzzle Too Deep for Cops.

Receiving Hospital surgeons and attendants were much interested yesterday in the phenomena found in the unusual case of Fred Newman. He is a member of a Holy Roller cult that holds forth at No. 734½ South Spring street.

Newman, the surgeon thinks, has either such a remarkable control over his feelings that he can endure unusual pain or irritation without outward manifestations, or he goes into an unconscious condition when thrown into a hysterical state through religious exhortations, and while in such stupor is insensible to pain.

He fell in an unconscious condition Tuesday afternoon while attending a religious service. At the Receiving Hospital some time was spent trying to restore him. The strongest ammonia fumes failed to arouse the man. He breathed ether with seeming relish and beating upon the soles of his feet did not cause the fine spasms of muscle. An electric shock did not awaken the man. It was not until one of the nurses began tickling Newman on the ribs that he showed signs of awakening. Half an hour later he was released, outwardly in full possession of his faculties.

At about 6:30 o’clock yesterday morning D. Albright, who lives at No. 154 South Spring street, was awakened by someone pounding on his front door. When he opened it, Newman, who was standing on the porch, dropped to his knees and began beating himself

violently on the chest with his fist. Before Albright could remonstrate, Newman stood up, became perfectly rigid and fell unconscious. He remained in that condition throughout the night, and was admitted to the Lunacy Commission when his physical condition will permit. He lives at Seventh street and Central avenue.

For Taft.

QUICK RESPONSE
FROM WOMEN.

SIXTY-THIRD DISTRICT WILL
FORM A CLUB SATURDAY.

Over One Hundred Add Their
Names in One Day to Roster of
Women’s Taft Club, and Head-
quarters Are to Be Opened Today.
President Sends Greetings.

The Woman’s Taft Club, organized Tuesday, is meeting with the most generous aid from the women of Los Angeles, if the numbers who sent their names in for active membership is an indication. During the day Mrs. Foltz, president, and Miss Wisler, secretary, received over 100 applications for membership and in a number of cases the women offered to undertake the work of organizing clubs in their own precincts.

Out of the first to respond to the call to the organization was Mrs. A. A. Martin, No. 247 South Normandie street.

She tendered not only her services, but offered to open her home Saturday night for a meeting of the women of the Sixty-third Assembly District to form a club. This district is north of Washington street, west of Hoover street and largely south of First street and women from this region will be made welcome Saturday evening at 7:30 at Mrs. Martin’s home.

When the club was organized Tuesday Mrs. Foltz sent the following greeting from it to President Taft:

“Two hundred enthusiastic women electors of Southern California, who have organized the women’s Taft Club, this day, send you greetings and pledge the best efforts of the women of this Southland to assist in securing your renomination and triumphant election.”

“CLARA SHORTRIDGE FOLTZ,
‘Secretary.’

Yesterday afternoon Mrs. Foltz received the following answer from the good women of Southern California the pledge of support which you and Miss Wisler give me in your telegram:

“Please accept my cordial thanks and extend my thanks to all the hearty good wishes to the club.”

The Woman’s Taft Club will engage headquarters probably today. It is likely they will be in the Merchants’ Trust building, which was made familiar to women in the city campaign by the activities of the new voters with the Progressive League.

WANTS SEPARATE SUPPORT.

Alleging that she had been abandoned February 25 last, Mrs. Catherine Mackie asks the court, in a complaint filed yesterday against F. A. Mackie, to allow her \$250 a month for her support and \$100 costs of the separate maintenance suit. They were married December 31, 1911. Mackie, she believes, has an income of \$4,000, and she has an income of twenty pieces of property. She is represented by Attorneys Mahoney and Lewis.

VITAL RECORD.

MARRIAGE LICENSES.

The following marriage licenses were issued yesterday. Name and age given.

AGON—GARIBALDI, Manuel F. Agon, 31; Josephine Garibaldi, 19.

BIEHL—LEUCHE, Edward A. Biehl, 20; Alice Fiehr, 20.

BREITMAN—CORNEIL, Edward E. Breitman, Ruth M. Cornell, 25.

CRAWFORD—HARRIS, Richard C. Crawford, 21; Josephine Harris, 20.

DE GREGORY—GILBERT, Edwin R. Gilbert, 41; Laura H. Green, 34.

DE LAURENTI—ALFRED, Alfred, 35; Jessie May Anderson, 26.

DE MARCHI—SHELDON, William McCall, 26; Margaret Sheldon, 26.

DE POMER—SHAW, Harold L. Power, 31; Henriette C. Hathaway, 19.

RAMSEY—HELL, Marshall Ramsey, 21; Leon Sherburne Crowder, 20.

SHERBURN—CROWDER, Gardner Sherburne, 20; Francis Crowder, 20.

VAN HORN—PUTNEY, Edith C. Van Ginkel, 22; Lillian Putney, 22.

VAN HORN—SANCHEZ, Justus Van Horn, 24; Leonora M. Sanchez, 20.

VON KUTCHER—VON WALTZHENZER, Linus von Betschelder, 21; Leon von Waltzhenzner, 21.

WEDDING—MUNSON, Charles T. Wildman, 35; Charlotte S. Munson, 35.

WILLIAMS—HAM, Harry M. Williams, 31; Henriette R. Ham, 26.

BIRTHS.

Names, sex, place and date of birth.

HALLISTER—Mr. and Mrs. Frederic Hallister, 39½ West Fifteenth street.

HELODEAN—Mr. and Mrs. Wilfred Roy, 21½ West Third street, March 4.

CAHILL—Mr. and Mrs. John J. Cahill, 20½ West Eleventh street, March 12.

DURENT—Mr. and Mrs. William C. Durent, 21½ West Eleventh street, March 12.

FINLEY—Mr. and Mrs. Harold L. Roy, 220 Ruth avenue, March 12.

FORD—Mr. and Mrs. Frank F. Roy, 214 Ruth avenue, March 12.

HAWKINS—Mr. and Mrs. Robert R. Roy, 18½ Fourth avenue, March 12.

JEREMY—Mr. and Mrs. Antonia Roy, Los Angeles College of Osteopathy, March 12.

LELAND—Mr. and Mrs. Patrick Roy, 220 Rosalie avenue, March 12.

MARTINEZ—Mr. and Mrs. Servision, Daugherty, 22½ West Eleventh street, March 12.

MIRANDA—Mr. and Mrs. Michael Roy, Los Angeles, March 12.

MURRAY—Mr. and Mrs. Karl W. Roy, 110½ West Ninth street, March 12.

POOR—Mr. and Mrs. Walter F. Roy, 214 Donidson street, March 12.

RAY—Mr. and Mrs. Patricia Roy, 204 Fickett street, March 12.

STEVENS—Mr. and Mrs. Ralph W. Roy, 10½ Arapahoe street, March 12.

SWALEK—Mr. and Mrs. John Roy, 202½ Arapahoe street, March 12.

TATE—Mr. and Mrs. John K. Daughter, Good Samaritan Hospital, March 12.

VAN HORN—Mr. and Mrs. Karl J. Daughter, 22½ New High street, March 12.

WINTERS—Mr. and Mrs. Karl J. Daughter, 22½ New High street, March 12.

WILLIAMS—Mr. and Mrs. Harry E. Roy, 21½ South Hill street, March 12.

YOUNG—Mr. and Mrs. Charles F. Roy, 204 Fickett street, March 12.

ZIMMER—Mr. and Mrs. John Roy, 202½ Arapahoe street, March 12.

DEATHS.

With Funeral Announcements.

DE PALMA—Mr. and Mrs. 20½ Alpine street, Angelo de Palma, a native of Italy, aged 22 years.

DE MARCHI—Luisa, a native of Italy, aged 22 years.

DE REICHERT—At No. 12½ North Bob street, Antonio de Reichert, wife of Joe Reichert, 22½ West Eleventh street, March 12.

DURENT—Mr. and Mrs. William C. Durent, 21½ West Eleventh street, March 12.

FINLEY—Mr. and Mrs. Harold L. Roy, 220 Ruth avenue, March 12.

REINIG—In this city, March 27, Mrs. Aida Reining, aged 27 years.

From the Chapel of Pierce Brosnahan, 20½ Alpine street, March 27.

ROBBINS—Frank Robinson, aged 27 years.

SHAMBERGER—In this city, March 27, Beatrice Shambberger, aged 27 years.

WILDE—White, 22½ West Eleventh street, March 27.

Public Service: City Hall, Courts.

City Hall.

EAGLE ROCK IS PEACEFUL

BOARD OF PUBLIC WORKS TAKES UP FARE QUESTION.

Citizens Agree That There Will Be No More Rough House Work on Branch Car Line, but It Took All Day to Restore Docile Dove to Its Peace.

The dove of peace, her feathers somewhat ruffled but otherwise ready for business, nestled down on Eagle Rock Valley citizens yesterday afternoon before the Board of Public Works, and that there would be no more rough house on the branch car line was agreed to. It took all day to reach this conclusion, hearings being held in the morning before the Police Commission and in the afternoon before the Board of Public Works.

Before the latter board, Foster C. Wright, J. F. Lilly and John P. Steele represented the property owners who oppose paying a ten-cent fare. Attorney Haskins and Manager Aken of the Los Angeles Railroads Company and Special Counsel Hewitt appeared to advise the board.

Wright and his fellow committee men stated that they thought a five-cent fare was legal and right, and that the state law was from 2500 to 3000. Wright explained that amicable objections had been intended all along, but that a few hot-heads had upset these plans. Seward Cole, who appeared for Hollywood and Colver, stated he was in favor of the law of 1876 regarding a charge of five cents being the maximum within limits of municipalities did not apply. Attorney Haskins told the board that the company had been investigating the possibility of a fare of five cents for four months past and that the recent "ruckus" had delayed matters.

Special Counsel Hewitt gave it as his tentative opinion that the question of whether the rate was reasonable or not would have to be considered by the board, should he have to look up the authorities before giving a formal opinion, he said. In the meantime, Wright and his committee and Haskins and Aken had agreed to hold a conference today and try to reach some agreement. This was assented to by the board. The conference will report at a public hearing next Wednesday.

Chief Sebastian submitted to the Police Commission in the morning the same report he had made to the City Council the previous day, in which he denied that the police had intimidated anybody on the cars or ordered anyone to pay fare. Attorney H. R. Moore, who represents the officers had taken the side of the railway company and that Sergeant Doolin had told passengers that if they did not pay fare they would be arrested. F. C. Wright and others corroborated this statement, but Doolin, who was present, denied it. Before the board, Commissioner Wellborn insisted that the railway in charging 10 cents was deliberately provoking a breach of the peace and that if a conductor laid hands on a passenger who refused to pay the 10-cent fare, both men should be arrested and the matter can be threshed out in the courts. Mayor Alexander intimated that if the company did not take some action, its right to a franchise on some of the streets it runs over would be attacked.

POLICE ESTIMATES COMMITTEE WILL CLASH.

That all the estimates submitted by the various municipal departments are altogether beyond reason and will be rigorously slashed is intimated by the Finance Committee of the City Council. Chairman Whiffen, of the committee said it would not begin to examine the estimates until at least two weeks more. The committee is composed of Whiffen, Betski and McKenzie.

The Police Commission yesterday submitted its own estimate of what it will require to run the department in the fiscal year of 1912-1913. It asks for fifty more policemen and an increase in pay all along the line. The total estimate over last year's base is at \$100,000.

Additional patrol wagons and equipment are wanted at a cost of \$47,350, and a municipal lodging-house is recommended, to cost \$12,000, of which \$4800 will be for salaries of those employed to run it. A mimic family car, \$1000, is asked for. The East Side stockade and jail needs to be enlarged, it is declared, and this will cost \$15,000, while a patrol boat for the harbor will cost \$12,000.

RAILWAY EXPLANATIONS.

TRANSFERS ARE PROPOSED.

The special committee appointed by President Williams of the City Council to confer with the Los Angeles Railway Company and the Pacific Electric Railway Company is to meet on Saturday morning and its members expect that the long-talked-of proposition to build tracks on San Pedro street from Sixth to Aliso and narrow-gauge tracks on Aliso to the Plaza will make some headway at that time.

Councilman Topham, a member of the committee, said yesterday that he favored grants of franchise privilege to the two transfer privilege are granted to the lines that cross San Pedro street. This is only one of the suggestions that will be made.

The Los Angeles Railway representatives yesterday afternoon that they thought Manchester avenue was getting a better car service now than it was entitled to, but the board was not satisfied and will have a public hearing of the matter next Wednesday.

The freight and express franchise ordinance asked for by the Pacific Electric will not be finally passed by the Board of Public Utilities until sometime between Easter and from the East. Yesterday it was discussed with Special Counsel Hewitt, who has framed a draft of such an ordinance as the board wants. The questions under consideration were: How to grant a fair or percentage basis and whether to have a twenty-one-year franchise or one revocable at will.

CITY HALL BREVITIES.

May 1 has been set as inspection day in the Police Department. Residents of East Seventh street between Central avenue and Kohler street have protested against addi-

tional salutes on that block.

Safety stations at the north and south junction point of Main and Spring streets have been approved by the Police Commission as recommended by Chief Sebastian on the plane of Lt. Elmer Parker and have been forwarded to the Board of Public Works.

J. T. Riggins, an attorney, has complained against Patrolman C. E. Lawrence that the policeman dragged him from a car at Broadway and Fifth streets and called a patrol wagon because Riggins would not sit down in a car. Chief Sebastian has been directed by the Police Commission to investigate the matter.

Recommendations that a comfort station be built on the south side of the Federal building as suggested by Postmaster Harrison, have been made by the Police Commission to the City Council.

The San Pedro City Council of Commerce has asked the City Council to remedy the sewer conditions at the foot of Fifth street there and to restore the bridge removed when the park was repaired. The Park Commission is to meet this month and expect took the place of early love and filled in the heart a place equal to it.

It is one of the tragedies of life, he declared, when on the part of the park, love and beauty was lost.

Was Davis a hypocrite or insane when he wrote a few short years ago letters to his wife, addressed as "My Darling," and teeming with expressions that showed a noble heart, a grateful soul?

His turn turned the searchlight on Mrs. Davis and laid an alleged conspiracy to put Davis in an insane asylum.

He touched gently on the unfilial conduct of his daughter, Miss Lucretia Davis, because Davis had a kind positive inclination to spare her.

Delmas contended for an allowance

that would maintain Mrs. Davis in the social position to which she has been accustomed. Mrs. Davis fought strenuously to show that her demand for thousands is unreasonable.

SUBSTANTIAL DAMAGES.

ONE DEFENDANT MUST PAY.

Mrs. Viva E. Lynch's \$101,200 damage suit against the Southern Pacific and the Pacific Electric for personal injuries received when a collision occurred between two trains at the Gravel Pit September 10 last, went to the jury in Department Three yesterday afternoon. Judgment was given for \$22,750 against the Pacific Electric, but not a cent against the Southern Pacific.

Miss Lynch is the daughter of T. C. Lynch, former manager of the V. D. Reduction Company. She alleged that she had been permanently injured, the accident having paralysed her left arm. The Pacific Electric admitted liability, the Southern Pacific denied it, and the fight was on whether or not the injuries are permanent.

Drs. Bryant and MacGowan, testifying for the railroad, declared that when the accident occurred, Mrs. Lynch, who was on trial, was in hysterics. The doctor's statements were corroborated by Helen Martin and Florence Terrell, who were taken on No. 2714 South Broadway Saturday night by Acting Sergeant Varey and Patrolman Childers.

Riley was discharged. The court told Riley his release was largely because of the number of character witnesses who testified in his behalf. They were headed by John Larroche, also a former member of the Fire Commission.

The story told in court by Dr. Lundquist and the two women was to the effect that after the Police Commission had revoked the doctor's state license Riley suggested they open the questionable house.

Riley made it plain to the doctor, so the latter swore, that he could "fix it" with members of the Metropolitan Squad.

Dr. Lundquist made the accusation while testifying against Riley, who was on trial charged with vagrancy.

The doctor's statements were corroborated by Helen Martin and Florence Terrell, who were taken on No. 2714 South Broadway Saturday night by Acting Sergeant Varey and Patrolman Childers.

Riley was discharged. The court told Riley his release was largely because of the number of character witnesses who testified in his behalf.

They were headed by John Larroche, also a former member of the Fire Commission.

The story told in court by Dr. Lundquist and the two women was to the effect that after the Police Commission had revoked the doctor's state license Riley suggested they open the questionable house.

Riley made it plain to the doctor, so the latter swore, that he could "fix it" with members of the Metropolitan Squad.

The place had hardly been opened, the doctor said, before Varey and Childers made the raid. Riley denied every allegation made by the doctor and the two girls.

HUBLEY DODGES DISHES.

BREVITIES MISCELLANEOUS.

HIS MANY PARENTS.

During his short life, little Franklin Park has had three fathers and two mothers.

In January, 1907, he was adopted by Mr. and Mrs. J. M. Layhe, who then lived in Nebraska. The couple separated, and Mrs. Layhe married Oscar O. Diehl. Franklin was formally adopted by his step-father, Oscar O. Diehl.

He was born in 1907, and his name is Franklin Layhe-O'Diehl.

*Similar Letter Is Sent to All
the Operators.*

*New Menace to Be Fought
to a Standstill.*

*News of Interest From
Fields of State.*

Small Correspondence of The Times.

*Important meeting of the Execu-
tive Committee of the Oil Men's Pro-
tection Association was held at the
Westside oil fields on Sunday morning, and plans
for the work of preventing damage
from water infiltration were outlined.*

*A. E. Swig, who had been appointed
to draft a circular letter for distribu-
tion among the operators of Kern
County, was not present, but his letter
was read, and after discussion was
adopted.*

*The circular outlines the plan of at-
tacking the water menace as it relates
to the Westside fields, including
the tax of 2½ cents per acre per
month and 1-10 of a cent per bar-
rel on month on production, besides
a method of gathering the data for
making the underground map and
the work already discussed. The
cost of the work will be much
greater, it is believed, than it will be
for the work in the Kern County fields,
but it is known that the data gathered
will be of great value to the operators
in Westside in money saved in
water and casing, besides the knowl-
edge gained of the field in general.
The money will be made from the long
oil wells, and the operators will be
able to reach the oil sands and when
they are reached, the water.*

*Small circular setting forth the plans
of the Oil Men's Protection Association
was sent to all the operators
and the letter will be ex-
changed from each recipient. While it
is known that practically all the op-
erators are in accord with the plans
of the association, it is felt that only
such unanimous cooperation can
result in the greatest success.*

*The general in the oil fields that
water damage has been largely
caused by careless drilling and neg-
lect to properly cement off the
drilling water. Lack of proper
drilling equipment and water
infiltration has heretofore
impeded the water commissioner in
his work. With money at command
no official will be able to protect
the oil fields from the great
losses of dollars worth of valuable
property from the one great
menace. The operators have at last
conceded to the importance of the*

Oil Men Interested.

HILL BEFORE CONGRESS.

WE DIRECT WIRE TO THE TIMES.

*WASHINGTON, March 27.—[Exclu-
sive Dispatch.] A. E. Bolton of San
Francisco, representing oil develop-
ers' interests as their attorney, has
interviewed officials of the In-
terior Department and Senators on
the Public Lands Committee, relative
to Senate Bill 5949, which was intro-
duced by Senator Perkins and in
the Senate by Representative Baker, with
the purpose of having conservation
laws, especially those believed to be
necessary, except from the pro-
tection of the oil fields. This bill is in-
tended to straighten out the law and
which has been vexing California
oil operators for many years. The

Entered at the Postoffice as mail matter of Class II.

PUBLICITY.

The Central Railway of Georgia has followed the Illinois Central in the plan of inviting boards of disinterested parties to investigate all wrecks occurring on its line. This is the age of publicity and the public utility corporations have been quick to learn that there is no better safeguard against the public than the people themselves.

A STUPID BLUNDER.

A Gov. of Massachusetts made a stupid blunder, we think, in refusing to attend the Irish charity banquet at Boston because it had been arranged that President Taft should speak first, a visiting cardinal second, and himself third. The expense offered for his absence was that he thought the dignity of the commonwealth required that its representative should speak before the representative of any foreign or ecclesiastical body. This is rubbish. The hospitality of any commonwealth requires courtesy to its guests above everything else.

HOLD IT DOWN.

Cuba is experiencing much unrest of late, but we trust that there is sufficient wisdom in that fair land by this time to keep it from boiling over. After generations of Spanish misgovernment the Cuban people cannot be expected to instantly appreciate the collective benefits of good government. Their chief trouble seems to lie in the fact that the people at large regard all government with distrust, believing it to be a system of taxation, rather than one of mutual benefit. If their impetuous southern dispositions can be held in check for a few decades they may decide that government is a great deal more than a system for legal robbery through taxation.

A GRIEVING JAP.

The Japanese government is asked by Count Hattori in the Japanese House of Representatives to refuse to participate in the Panama exposition because Senator Dillingham of Washington has introduced a bill to provide for the exclusion of Japanese artisans and laborers from the United States.

If the Japanese government shall follow the counsel of Count Hattori it will injure its own people more than it will the people of this country. An exhibitor at his fair gains more than do those who witness his exhibition. He has a chance to exhibit and advertise and sell his wares, while visitors are only afforded an opportunity to examine and purchase them.

A MAGNIFICENT DONATION.

Another loathsome capitalist has gone wrong. This time it is an Englishman named Sydney James Stern who in 1895 was created a peer with the title of Baron Wandsworth. The Baron died recently and in his will there is a bequest of \$6,250,000 for the foundation of an orphanage. As the will will be probated in London the orphans will have a fair fighting chance to profit to some extent by the bequest. If the testator had died here, a horde of collateral heirs, former partners and alleged common-law wives would probably have swarmed in the probate courtroom, and after a seven years' contest the lawyers would have gotten \$5,000,000 and the orphans the odd \$250,000.

THEY CAN ALL HELP.

The Germans at San Francisco have laid the cornerstone for a million-dollar building. This suggests that the Teutons can be of great assistance to their city in caring for fellow-countrymen who attend the exposition and in dealing with future immigrants from the Fatherland. Indeed, we think the immigrant problem may be greatly simplified by the intelligent assistance which the various foreign colonies may be relied upon to give. It is not altogether by way of humor when we say that the immigrant who comes from the Dominion of Iowa, the Kingdom of Minnesota, the Confederate Counties of Tennessee or other foreign lands finds himself readily embraced and properly placed by the cheerful members of the State Society in Los Angeles to which his previous condition of servitude would relate him. If the colonies of foreigners here do no more than serve as interpreters for the immigrant hordes which California must soon face they will be prime service.

The maple-sugar-making season is now on in the East. The greatest amount produced in any one county is in Geauga county, Ohio, but Portage, Trumbull, Medina and Ashtabula furnish a lot of the sweet stuff. Vermont and Ohio contend for the championship in the output of maple sugar and molasses.

Rev. Madison Peters, a New York clergyman, started a grocery to assist his parishioners to handle the high cost of living and he disposed of his entire stock in two hours. Any grocery store can do a big business if it does not make any profit on the goods.

What is your favorite color for a lime-sine? Dill-pickle green, the caviar purple, the squirrel-tail gray or the smoked-brick brown? Some are preferring the dried raisins, the peanut tan, the royal hellotropes and the gun-boat gray.

Los Angeles is perhaps the only city in the world having citizens well enough fixed to buy an automobile and stop on the way home for a pork tenderloin the same day.

Dr. Wiley says that eating candy will make slim girls fat. It might, but the perverse little minxes eat pickles as an antidote.

"Where's My Hat?"

BURDETTE AT THE BAT.

CL.

"Too Muches Bobberes."

When a man begins to fush a great deal about his health, you may be sure that he has lost it. When he weighs his rations at the table, you know that his stomach is on strike. When he analyzes his food to ascertain just how much of acid and sugar and starch each article contains, you know that he has lost forever that dear old stomach of healthy boyhood which ate every time it was hungry, anything it could get, all it could hold of it, and whenever it could get it.

Similarly, whenever a nation begins to fush over itself, it is in some abnormal condition. It is restless and nervous. It wants to do something, but it doesn't know what to do. Then it is that fads and frenzies do most flourish. And fads and frenzies, no matter how energetic and active, do not indicate physical or intellectual health. Organizations multiply only to disintegrate into numberless smaller cells which in like manner reproduce themselves, until the land runs with promoters, organizers, lecturers. As foretold by the prophet, "many run to and fro." And that very fact indicates that they are not getting anywhere.

Is This World a Stock Farm?

Just now Dean Sumner of Chicago is resurrecting an idea several thousand years old, tried and found wanting long, long ago, providing for certain physical disqualifications of persons who seek to be married. The idea is to secure a perfectly healthy race of men by scientific breeding. It isn't at all new, but it has proven itself a failure wherever the experiment has been tried. Somehow or other the rules for improving the breed of horses and cows do not seem to be efficient when applied to the human race. We appear to be a different sort of cattle. The bull was not created in the image of God, and a male cow is not susceptible of the high training of a glad, happy boy. The Spaniards, anticipating Sumner's idea, interestedly breeding, were accustomed to destroy the sickly infants, the deformed and the weak. And the result was the extinction of all the Spartans.

A Few "Undesirables."

Would Dean Sumner bar the marriage of the blind, who certainly could not obtain his required medical certificate of physical perfection? That would have prevented some of the sweetest unions and happiest wedded lives I have ever known. There is no need to cite individual instances—you know of them here in Los Angeles. Are the deaf or the dumb, or both, to be sentenced to lives of celibacy, no matter how tenderly they may desire to be united to someone who has made the heart to hear and the soul to sing by the power of love? Elizabeth Barrett Browning, who created a language of love, would have been barried from the altar by Dean Sumner's edict. Is the pugilist, the football player, the professional athlete to be set up as the ideal husband?

William Moon, who invented the embossed alphabet for the blind, himself being totally blind, who established home-teaching societies to teach the blind and teach them to read, can't he be a fit one for marriage? William Henry Miller, the eloquent blind preacher, so many years chaplain of the United States Senate, would the Dean have refused him marriage? Francois Huber, the eminent and world-known Swiss naturalist, totally blind at 15, greatly had he been crippled but for the loving co-operation of his wife, Marie.

"Consider the Lilies."

Oh, if our teachers and doctors and preachers will only quit fussing over us so much and give us a chance to "consider the lilies how they grow," without hoe, rake, spade, irrigation or cultivation, we'll get along. I have known good healthy children worried into their graves by overgovernment and too much regulation. Don't I believe in education, and training, and wise legislation? I do, I do. But I believe also in mental and physical freedom. I see on the trolley cars placards which tell women—the picture is always of a woman how to get off the car. And about every day some woman learns how by the only method—getting off the wrong way. She does that after she has read that placard 500 times. And she learns the correct method in that one brief, confusing and confusing scaturation of woman, brains and bundles.

Plane-Player Methods.

It seems to me, when a preacher has run clear out of grit and can't think of anything that's earth about which to talk, he preaches on "love, courtship and marriage," a text upon which three-quarters of his congregation can preach a better sermon than himself. And Mortimer edler can give him a score and spade and then preach all around him. Men no more need instructions how to fall in love than they need a course of lectures on "How to Diagnose Seasickness." As to instructions in courtship, "and twenty" will tell the lad more in half a dozen glances than the preacher can in a dozen sermons. And as to getting married—who chaperoned the first bride and groom?

Preach all you will, when the day of judgment comes, in a thousand or a million, it will find the old world of men and women going on "as it was in the days before the flood, marrying and giving in marriage." And every here and there and now and then some hysterical preacher who has just discovered that the world is tolerably round and that nearly all men are mortal will jump up in his pulpit and shriek: "Hold on! Hold on! Not that way! You're doing it all wrong! That isn't the way to get married! Wait till I tell you how!" And they will go right along getting married.

Making Easy Things Difficult.

When the dear Lord came to this earth to try to set it right, that was the very trouble that confronted him. The "house of prayer," naturally a place for quiet, for meditation, for worship, was humming with "institutional" church; you could buy and sell everything needed for the service right at the Temple doors—sheep, cattle, doves, money, classes, clubs, gymnasiums, orchestras—the noisiest place in the city. And the Sabbath, which, when it was instituted, was as holy as any day in the week and was different from the others in that it was the only day of rest for man and beast, a day in which a man didn't even have to go to church, the Lord of it found it so overburdened with the complexities of formal requirements and legal observances that men dared to see the dawn of the Sabbath day.

It was here I would run out of

SOCIETY

MRS. AND MRS. W. D. WOOLWINE and their daughter, Miss Martha of this city, will leave the morning of April 10 for Holland, where they will spend several weeks before journeying to Paris, where they will remain a month or more. The summer will be spent in Switzerland and in October they will be in Italy.

the example of the Tetrazzini concert is being introduced at the psychological moment. Every club in the city invited to a representation on the programme as sponsors for the entertainment has responded.

The work of the McCas and the Friday Morning Club in making this appeal to public sentiment has nothing to do with the business manage-

Miss Leila Burgess,
Daughter of Mr. and Mrs. W. C. Burgess of this city, who has returned from an extended eastern tour.

They will return to New York by way of Naples. Mrs. S. Wharton and her daughter, Miss Emma of Memphis, Tenn., sister and niece of W. D. and Woods R. Woolwine, who have been their guests for some time, will remain in Los Angeles another month with relatives.

ment of the concert, which remains in the hands of Tetrazzini's manager, W. H. Leahy, and her local representative, L. E. Behymer. This is the first time since she came into fame that Tetrazzini has been offered higher prices, but the idea is to have some day a larger auditorium and cheaper prices when other great artists come to the city.

Mrs. Horace Montague,
Who entertained with a pleasant party Saturday.

To Return in May.
Mrs. William E. Ramsay of No. 2425 Western avenue, who has been touring Europe with her two attractive daughters, the Misses Katherine and Mary, will return home the first week in May.

Miss Katherine is a debutante of last year and soon after her coming-out party left with her mother for New York, where they met Miss Marjorie, who was attending school there, and together they sailed for Europe.

Society Interested.
When Tetrazzini gives her concert at the Shrine Auditorium Easter Sunday afternoon the names on the programme will suggest the catholic nature of the affair.

The concert was suggested and secured by the Friday Morning Club's repeated programme committee with the hope of securing the most popular demands for the best music at prices within the reach of everybody.

Mrs. David Chambers McLean, president of the club, hoped that such a demonstration would arouse everyone to the need for a municipal theater or auditorium and the club had secured the co-operation of about thirty of the best organizations in the city. They will boost the Tetrazzini concert as an illustration of what might be done in giving the city good music if charitable if a municipal theater were built.

Miss McCas sold yesterday that in view of the city's contemplated pur-

Another Shipment Just Received

Victor
Victrola IV
\$15
\$1.00 Per Week

"Can I hear Caruso and Melba on this \$15 Victor-Victrola? Will it bring to me the superb art of Paderewski and Kubelik? Does it play the delightful selections by Sousa's Band and Victor Herbert's Orchestra?"

Yes, and thousands of other beautiful numbers—everything from exquisite operatic arias like the famous "Sextet from Lucia" to such lively ditties as "Alexander's Ragtime Band." And when you can get such an instrument—a genuine Victor-Victrola—for so little as \$15, there is no reason on earth why you should hesitate another moment in placing this greatest of all musical instruments in your home.

Our demonstration rooms are on the main floor. We just received a large shipment of this style from Chicago, but you will have to hurry if you want one. Order today. We doubt if this style can be found in stock in any other store just now.

The Wiley B. Allen Co.
416-418 South Broadway

Three new Caruso records in three different languages

A charming ballad in English, a lovely operatic aria in French, and an amusing Neapolitan song. All sung as only the great tenor can sing them.

A new Lucia Sextette with Tetrazzini, Caruso, Amato, Journe, Jacoby, and Bada

Another "all-star cast" record of this magnificent ensemble. Especially interesting because it marks the first "appearance" of Tetrazzini and Caruso in the same record.

Hear these records at any Victor dealer's, and ask him for an April supplement which contains a complete list of new single- and double-faced records, with a detailed description of each.

Always use Victor Records played with Victor Needles—there is no other way to get the unequalled Victor tone.

New Features

of the

Caloric Fireless Cook Stove

All the newest and most useful features that can be applied to fireless cooking are contained in the latest models of the "Caloric" just received by the Parmelee-Dohrmann Co. The most delightful of these new features is the porcelain enamel bake ovens. They are so clean and convenient and attractive. And the latest "Caloric" is the only Fireless Cook Stove with a vent-valve, insuring dry heat when baking cakes, bread, roasting meats, etc. Step in and see them—they're right by the door.

FREE DEMONSTRATION

Every woman who is interested in knowing the easiest and most economical way of cooking should see the "Caloric" demonstrated. Then you will easily understand how the Caloric can save you two hours of kitchen drudgery daily and save more than enough in fuel to pay for itself at that. Our demonstrator will explain all the new and useful features of the "Caloric," the most up-to-date heater on the market. She will show you how you can cook three different kinds of food in one compartment, with the "triple nesting utensils." It will interest and pay you to see this demonstration and you may sample some of the delicious food cooked by the Caloric.

Prices are from \$10.75 Up

Home Builders

Guaranty Shares Will Advance In Price Saturday Evening—3 Days

(53)

YOU should settle the matter of purchase of "Home Builders" shares this week; \$5 saving on each hundred shares is better in your pocket than out. From "Home Builders" standpoint it really is immaterial whether you purchase this week or next month. Every dollar of money will go right to work in the event. The longer you put it off the more you'll have to pay, is all, and the more money "Home Builders" will have of yours with which to expand, but you should look at it from this light—that \$5 saving on each hundred shares is better in your pocket than out.

You don't need to draw on your imagination one bit to see how "Home Builders" is going to keep right on growing richer and more powerful. In ten years your shares bought today should mean independence to you. They will, on the basis of "Home Builders'" first four years as proof of its ability to make money for you.

Don't be a
"Wish-I-Had"

Be an "Issuer"

(54)

WE have shown you (or will show you, if you haven't yet seen) how "Home Builders" interest earnings from its mortgages, trust deeds, stocks and bonds more than paid its four-cent dividend last year. Before these profits, after expenses were paid placed nearly \$60,000 in surplus and now, with premium on shares sold, its surplus increased almost \$100,000 at the same time.

You don't need to draw on your imagination one bit to see how "Home Builders" is going to keep right on growing richer and more powerful. In ten years your shares bought today should mean independence to you. They will, on the basis of "Home Builders'" first four years as proof of its ability to make money for you.

Don't be a
"Wish-I-Had"

(55)

THE "Guaranty" is one of those Easter souvenirs—the white blinque hen sitting upon a basket, in which could be found two little additional eggs, one for each addition to the breakfast tray, either on Easter morning or another time. Especially delightful would be upon the tray of a sick child.

A Needed Touch. When Elizabeth had donned her dark blue silk dress, with trimmings of dark blue sarga, it was needed just a touch of brightness, which could not touch be. Not a touch, and for the same reason it could not be a bright edged Jabot or ruffles. The girl of originality, with a string of bright scarlet wooden beads, put them around Elizabeth's neck. The costume was complete. Just that high light was needed.

Of Soft Prettiness. They did look so daintily feminine and attractive—these "mules" of roses and ribbons, edged with a soft froth of cotton, around the upper edge!

"Flower-Swept" Hats. That is what one of the important ladies names the new sumptuous millinery. I think, and very appropriately named.

Every Day. It is the custom of one of the big houses to make a certain day in the year "Baby Day." On that day, there are special bargains in all the garment houses.

DAILY BEAUTY HINT: At this time of year, when housecleaning is one form or another is apt to present its train of evils to delicate hands, it is well to take particular care of these willing and often neglected members. Do not despise the use of old, loose gloves as an agent in softening and beautifying the hands. A simple, home preparation which will aid in this work is made as follows: To the yolk of one egg beaten light, add one teaspoonful of glycerine and an ounce of strained honey. Sift into this enough rice flour to make a paste, to cover on the hands before drawing on the loose gloves which have been applied at intervals. When in the morning, you wash off the paste you will find a noticeable improvement in both looks and feeling of your hands. The process, repeated for several nights, will produce wonderful results.

are imprisoned? men, toys and other articles for the wee monarch's use.

"The Incubus." In a recent article in a leading magazine, the subject of home-making is taken up in rather a novel way. The first reference which arrests the attention is to the "incubus of wedded gifts with which we struggle from the very first." The writer boldly states: "The arms of these objects of horror in order that they may not spoil the lives of the recipients, or mar the harmony of the home."

With the perennial advent of the wedding gift problem, such a paper as this should find form in the tract, distributed broadcast, a means to "Look well before you leap" for it should be the maxim of the purchaser of the gift which may undermine or add to the happy foundation of the new home. Unless you know well the tastes of the new family, I think it would be a mercy to withhold gifts.

Housekeeping Hint. The good housekeeper has a novel way of keeping clean the top of the range. Glue paper over the entire top a piece of asbestos paper, cutting holes for the burners. The paper catches and holds all overflows of foods, and prevents them from falling into the range where it is difficult to remove. Use the same paper while cooking and removing it when the range is not in use, the work of frequent cleaning, blacking and polishing as well, is reduced to a minimum.

Fashion's Frocktails. Linen blouses in champagne or white are being beautifully decorated in punched work for this season's wearing.

In the skirt to the tailor-made suit

we are self-imprisoned within a little circle, or a small circle of friends, let us out, into the big world, where the humanitarian movements and world-wide plans sweep wide where we may play our parts, whatever they may be, in the grand movement of the race.

Time is coming! The season of rabbits and their cousins, the hares, and unexpected white rabbits lay eggs and hatch out rabbits from the most kinds of eggs. I thought, when I inspected a new line of Easter souvenirs in one of the stores that it was a wonderful idea "to have the tail" had been invented. Not so had the imagination of the inventors run riot when they made those pretty things, but one's own heart to start and scamper, only one behind the others. One in an ingenious breakfast tables, to think how happy a coterie of children would be, if—on Easter morning— they could lay eyes upon these graceful white and spring birds, which sway so prettily on flexible rubber strings, or when the breakfast a nest of eggs tucked away under one of those soft, white, fluffy feathers, in fancy, the little hands with joy over the barnyard and roosters, placed upon a tray, a boiled egg; and I caught ripening chick, which when "bunny" was dissolved, was a large white egg, fully three times the size of the others. And the prices of these dainty souvenirs were as follows: one's imagination can conceive. So big? No! So little? For, don't you see, this is a people's feast.

These Easter souvenirs—the white blouse hen sitting upon a tray, basket, in which could be hidden a boiled egg—would be a welcome addition to the breakfast table, Easter or at any time. Especially rapid would be the tray of a sick child.

Hand Watch. Elizabeth had donned her dark blue serge, it was luminous black satin—it was just a touch of brightness, to completely beautify this touch? Not a touch, for there was one of the same reason it could be a bright apparel. Elizabeth passed them around Elizabeth. But that high light was needed.

Our window display of watches reflects the distinguished character of our showing.

THE BOOTERY

The proper tailored blouse of Scotch flannel has no fullness in plait or in the sleeve or the armseye, but has a breast pocket.

For spring wear with tailored suits of whipcord, mohair, serge, etc., the one-button pique or cape glove in tan or gray shades obtain.

RIDE IN PROFITABLE.

Justice Forbes yesterday gave judgment of \$100 against the Los Angeles Railway Company in favor of Max Brodie, a passenger who was ejected from a Main-street car. According to the testimony, the car went past the plaintiff's street and he refused to pay a return fare, demanding a transfer from the conductor. In the mix-up he was struck by the street car crew and thrown from the car. The company will probably appeal from the decision.

MICHAUD UP TODAY.

The preliminary examination of H. D. Michaud, the Watts jeweler, who his creditors say fled to the East with several thousand dollars' worth of jewelry and money put in his vault for safe keeping, will be held today. The case was first set for some day in April, but Justice Young finds it necessary to have it now. Michaud is charged with embezzlement and is in the County Jail in default of \$15,000 bonds. The officers do not expect him to make any defense.

Railroad Stands the Loss!

You Get The Benefit!

A whole train loaded with pianos, wrecked in a recent Eastern blizzard, has arrived here with instruments slightly damaged. They will be sold at your own price!

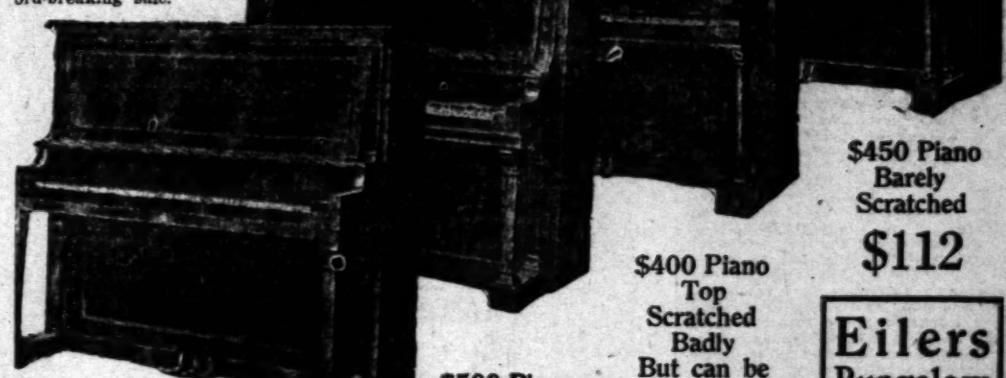

Think of it. Here are \$400 and \$500 and \$600 pianos, scores of them, absolutely perfect as regards tone and action, but with slight scratches or checks on their cases, which prevent our accepting them from the Railroad Road Company.

The Piano Manufacturers' Adjustment Bureau of Steinway Hall, Chicago, has authorized us to unload them from the train, put them on our floor, repair them perfectly, and sell them for whatever they will bring, and to do it at once. So these \$400 and \$500 and \$600 instruments will be sold for only a fraction of their real worth. And the damage to them has been so slight that none but an expert could detect it.

Railroad Stands the Loss

And YOU have an opportunity to get just the piano you have been looking for at less than it cost the manufacturer to produce it.

Several of the makes most famous in America today are included in this record-breaking sale.

MUSIC AND THE STAGE.

(Continued from Fifth Page.)

comedy, "Over Night," written by Philip H. Bartholomew. "Over Night" is a companion play to "Barrymore," and had its run in New York City simultaneously with that laughable play, and was equally successful in amusing New Yorkers, being given in the metropolis for a period of nine months, part of the time at the Hackett Theatre and the remainder at the Casino. The playhouse has deals with the misadventures of two young married couples on their wedding trip up the Hudson River, and the scene of the first act is laid on board the famous steamer Ben-drich Hudson.

Arthur Aylesworth, who made one of the distinct hits in the play in New York, will be seen here in his original characterization of a country hotel clerk.

The first presentation in the West of the motion pictures of Mme. Sarah Bernhardt in her greatest role, "Cyrano de Bergerac," will be Mme. Bernhardt in her most famous comedy creation, "Mme. Sans-Gene," during the present week at the Majestic Theater. She has attracted so much favorable attention and the demand for tickets for the presentations of these great attractions has been so uncommonly heavy that the films will be retained for a second week at the Broadway playhouse.

That fascinating stage lad, "The Pink Lady," has settled down for a second week at the Majestic in Los Angeles, where it has caught the town as no musical production ever did. Los Angeles had heard a lot of this big production during its run in New York, but few were prepared to take in such a really unusual effort, as this happy combination of beauty and music and dancing proves to be.

Perri Hartman and his company will say good-bye to their many friends in Los Angeles one week from today. The farewell bill at the Grand Operahouse, starting with the Sunday matinee will be "The Girl and the Boy," which has in the past six weeks gained unusual popularity. Mr. Hartman will be on Monday, April 8, with his annual summer tour, which this time will embrace all cities west of Denver, and from San Diego to British Columbia.

The tour of the Hariman company will last until into the fall. Then Mr. Hartman will return to Los Angeles, and probably will be seen in a new theater.

The "Durbar in Kinecolor" at the Auditorium Theater, has caught the public's eye, and the receipts have been even beyond the most sanguine expectations of the management. As a result the local engagement, which was originally booked for two weeks, will be extended for a third week beginning Monday, April 1.

It is impossible to describe the many pleasing features of this wonderful pageant; it must be seen to be believed. It is not only an education to see such a realistic portrayal of the great Durbar in Kinecolor, but it will afford food for relaxation for many months to come.

Already it is a certainty that Fischer's will be compelled to give Los Angeles another week of "The New Hampshire," "The Song Birds." The Lyceum has demonstrated its ability to hold all who are eager to see this remarkable organization of stars, in these two diametrically opposite yet very popular shows, "The Girl" and "Very Girl," combining them, so that all who wish may see his great company in action, and learn to know it in the mass, as well as its individual members.

The second week has been a capacity performance, and the third promises to be like unto it. The shows are now at their very best; team work is evident throughout, and the combination of principals, chorus, orchestra and accessories moves forward steadily with a touch to unfogged delight. The third week begins Sunday matinee next.

Two headliners and five new acts mark the Orpheum's announcement for the coming Sunday matinee, while Louise Dresser will be retained to make the third topliner. The newcomers include Valerie Berger and her select company of players in a strong dramatic sketch, "Judgment," written for her by the late Victor Shalem; Ida Fuller and her corps of dancing girls, in a spectacular series of divertissements, entitled "It." Both acts are the very best in their line, the reputation of each star being international. It is, of course, to be expected that they will be surrounded by the best of support and the three other new acts are up with them. They include, Percy Waran and his English company in a telepathic comedy; "The Bonfire," Miss Kyns and White, the clever chaps who do a rathskeller act, and Cole de Lisse, the different wire act. Miss Dresser will have a new repertoire of songs to offer for the delight of her many friends. "It" will include the great pantomime in which Nina Payne and R. St. Elias star, will stay as will Donovan & McDonald, the unctuous Irishmen.

Annie Adams' brilliant comedy, "The Landslide," which has been attracting so much attention from local playgoers and which is now in its second week before unusually large audiences, will be given at the Belasco for the third only, for on the night the Belasco company will be seen in Little Blair Parker's famous play, "Under Southern Skies."

The current bill at the Empress Theater headed by Ruth Francis & Co., in the musical comedy, "A Touch of High Life," Brady and Mahoney, and Sidney Grant is proving the most welcomed programme that has occupied the Empress' auditorium in many weeks, and the result is quite likely to be a record-breaking week for the Sullivan and Considine house.

In the new bill opening next Monday will be Edwards Davis' dramatic comedy, "The Picture of Dorian Gray," played by a capable company especially selected for this tour by Mr. Davis himself, and the famous Hebrew character comedian, Lew Welch, who will be seen in his most comedy-drama, "Wining, Old Shows." Others on the new bill will be Leo Beers, the pianologist; Adler and Arline; Lew Palmore and Mme. Melia and Mons. Dorys in their new dancing sensations.

Alfonso Zelina, piano virtuoso, will be the headliner at the Adolphus Theater next week. Lyne and Klimow will present a new Duckstein and Minnie, the brilliant and famous minstrel man. Paul Mail, the clever dynamic entertainer, is in a class by himself when it comes to his style of stuff. Harris and Vermont, whose "dancers," present a repertoire of different dances. The Georgia Trio in a comedy singing, talking and whirlwind dancing offers a unique act. The Cornells present a comedy, "Hiring Porter."

The Blue Star Quartette will sing popular as well as artistic selections. Maize Mountford, the famous little soprano, formerly with the K. and E. forces, is making her debut in vaudeville this season and will play

at the Adolphus Theater for the first time in vaudeville on the Coast. Twelve other splendid superlatives feature complete the bill.

In vaudeville the unexpected is expected, but nothing quite so sensational has been announced for the entertainment of local vaudeville patrons as the forthcoming appearance of Madame Chamblain, one of the foremost, both in reputation and ability, of the Paris Grand Opera singers, who has been secured by Alex. Pantages for her vaudeville circuit, and will make her bow here next Monday afternoon. Madame Chamblain can be compared to no other living singer except Tetraxini, and though the Frenchwoman enjoys a less brilliant reputation here in America than the Italian, the comparison would be aptly captivated as quite natural and equitable to both singers.

Madame Chamblain will be heard in operatic selections. During the season of the Paris Grand Opera Company here she was heard only in "La Boheme" and in "Lucia de Lammermoor."

She was scheduled for "Ines" in "Africaine" and Gilda in "Rigoletto," but appeared in neither. This leaves her a large number of popular operas from which to select without duplicating any of the roles in which she has already been heard in Los Angeles.

The other acts scheduled for the present show in the next week are typically vaudevillian. There will be the Bama Bama Girls, headed by Josephine Fields and W. J. McGraw; Rice, Bell and Baldwin; Moore and Browning; Fritz Houston, the cartoonist, and the charming duo Fitch and Early.

PIERRE HARTMAN and his company will say good-bye to their many friends in Los Angeles one week from today. The farewell bill at the Grand Operahouse, starting with the Sunday matinee will be "The Girl and the Boy," which has in the past six weeks gained unusual popularity. Mr. Hartman will be on Monday, April 8, with his annual summer tour, which this time will embrace all cities west of Denver, and from San Diego to British Columbia.

The tour of the Hariman company will last until into the fall. Then Mr. Hartman will return to Los Angeles, and probably will be seen in a new theater.

The "Durbar in Kinecolor" at the Auditorium Theater, has caught the public's eye, and the receipts have been even beyond the most sanguine expectations of the management. As a result the local engagement, which was originally booked for two weeks, will be extended for a third week beginning Monday, April 1.

It is impossible to describe the many pleasing features of this wonderful pageant; it must be seen to be believed. It is not only an education to see such a realistic portrayal of the great Durbar in Kinecolor, but it will afford food for relaxation for many months to come.

Already it is a certainty that Fischer's will be compelled to give Los Angeles another week of "The New Hampshire," "The Song Birds." The Lyceum has demonstrated its ability to hold all who are eager to see this remarkable organization of stars, in these two diametrically opposite yet very popular shows, "The Girl" and "Very Girl," combining them, so that all who wish may see his great company in action, and learn to know it in the mass, as well as its individual members.

The second week has been a capacity performance, and the third promises to be like unto it. The shows are now at their very best; team work is evident throughout, and the combination of principals, chorus, orchestra and accessories moves forward steadily with a touch to unfogged delight. The third week begins Sunday matinee next.

Two headliners and five new acts mark the Orpheum's announcement for the coming Sunday matinee, while Louise Dresser will be retained to make the third topliner. The newcomers include Valerie Berger and her select company of players in a strong dramatic sketch, "Judgment," written for her by the late Victor Shalem; Ida Fuller and her corps of dancing girls, in a spectacular series of divertissements, entitled "It." Both acts are the very best in their line, the reputation of each star being international. It is, of course, to be expected that they will be surrounded by the best of support and the three other new acts are up with them. They include, Percy Waran and his English company in a telepathic comedy; "The Bonfire," Miss Kyns and White, the clever chaps who do a rathskeller act, and Cole de Lisse, the different wire act. Miss Dresser will have a new repertoire of songs to offer for the delight of her many friends. "It" will include the great pantomime in which Nina Payne and R. St. Elias star, will stay as will Donovan & McDonald, the unctuous Irishmen.

COMPREHENSIVE IDEA OF OUR MARVELOUS MAGNITUDE. ALL OUR TENTS ARE WATER-PROOF. TWO PERFORMANCES DAILY, rain or shine, at 2 and 8 o'clock p. m. Doors open at 1 and 7 p. m.

us coming back with a fresh array of talent, with increased magnificence in production, the best that money can buy, and what's the answer? All this expenditure of brainless bombast is directed toward our undoing, but it pays us a greater tribute than we could in the most fulsome language pay ourselves. We are making our own songs and singing them. Yea, verily, we will take this Eastern fruit and serve it up, on Western dishes. We are not tethered to the throne of any trust. We reserve the right to give the American people the most mastodonic and magnificent festival of famous features ever offered them without asking leave or license of anyone. Twenty-five cents! Doesn't it sound good? A 50c circus for 25c. To your father this would read like a fairy tale. Did you ever hear of the Big Stick of the circus world? Well, that's us. We are

the triumphant trust busters. So when you see an army of men covering our bills and posters, and destroying our property, you will realize that they are the best press agents we could have, and we point with pride to their efforts. It is a tribute to our prowess.

Consolidated Gold Mines of California

A CORPORATION ORGANIZED UNDER THE LAWS OF ARIZONA

PRINCIPAL PROPERTIES:

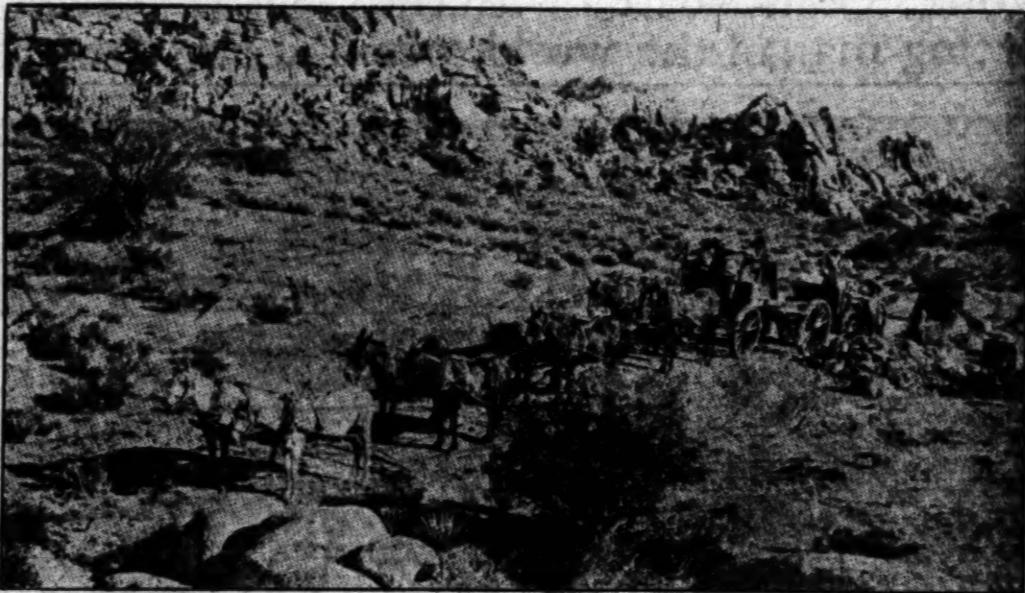

Gold Park, Italie, Queen, Lost Horse, Black Warrior
and Twenty-nine Palms CampsBlack Warrier Mining District, Riverside and
San Bernardino Counties, California

Facts

Consolidated Gold Mines of California has the absolute control of the Gopacomi townsite. This property is covered by a United States patent, signed by Theodore Roosevelt. It is not a myth, it is a fact, a reality. It is clean cut real estate, with a clean and substantial title. We will give to the first ten purchasers of stock of Consolidated Gold Mines of California, where the amount is \$500.00 or over, a clear title to a business lot in Gopacomi.

Consolidated Gold Mines of California have an absolute and clear title to all of the properties of the Black Warrie Amalgamated, the 29 Palms Mining and Leasing Co., and the Oil and Metals Leasing Company. Each one of these corporations are large enough in themselves to be worthy of the consideration of the most exacting people. All property held under lease by the Oil & Metals Leasing Company, have been properly transferred to the Consolidated Gold Mines of California, and all properties owned by the 29 Palms Mining and Leasing Company, as well as the Black Warrie Amalgamated, have been deeded to our corporation, and two other large corporations operating in this district are at this time arranging their business so that they may deed their property to this corporation, and become one of the consolidated companies. Stockholders in the Consolidated Gold Mines of California are stockholders in each one of the principal companies operating in our district.

Oil & Metals Leasing Co. Ore Teams

OIL AND METALS LEASING CO. ORE TEAM, dumping ore at the end of the track crossing over from the big rocks as shown in the picture of the stamp mill. This team pulls six tons to the load, and the mine is located six miles from the mill.

Rich Ore is Mined

Banning gold digging continues good. D. Kobl is back from a freighting trip to the 29 Palms mining district, located away out in the dreary stretch of desert wilderness northeast of Banning, where a number of men are digging gold ore out of the hills.

On this trip Mr. Kobl took out 600 gallons of John D. Rockefeller's famous oil, which is being devoured by a hungry gasoline engine at the mining camp. The mill is located six miles from the Desert Queen mine, the mine and mill being operated by C. W. Roach for his company, known as the Oil & Metals Leasing Company.

Mr. Kobl states there are about 15 men employed at the camp. Approximately 100 men might be employed advantageously if better milling facilities were provided, as the ore appears good. The mine is a five-stamp outfit. Mr. Kobl has samples of high-grade ore taken from the Desert Queen.—Banning Record.

Black Warrior Amalgamated

The Black Warrior Amalgamated are arranging to commence extensive operations, now that the new mill has proven a success, and will soon be in operation. The Black Warrior ore can be readily milled. This is one of the most substantial companies in the district, and is a close corporation.—Gold Park Mining News.

603 Union Trust Building

WOMEN'S WORK,
WOMEN'S CLUBS.

BY SYLVIA YODER.

Out among the Chino hills, where the soft-rolling mass unfolds in billows of green and the music of meadow larks fills the air, a problem is being worked out, which is backed by the capital and the confidence of women who have put into it thousands of dollars and no end of good work. It is a problem of good citizenship which hinges on the proposition of how to turn bad boys into good citizens—boys from the city streets, boys from juvenile courts, boys from good families, from homes where they do not seem to "fit in," boy leaders of tough street gangs—in short, all sorts and conditions of boys, with one provision—they must be physically and mentally fit. Such a combination, when stirred up and well mixed, forms a George Junior Republic, and everyone knows, who has taken pains to look into the subject, that this is almost a replica of our own republic, the only difference being that the Mayor, who is called the president, a district attorney, a chief of police and his squad of officers, a judge who holds regular sessions of court and all the machinery of a regular form of municipal government.

A woman—Mrs. M. B. Fowler of Pasadena, is president of the board of directors of this Chino republic, and Mrs. Fowler and her daughter, Miss Kate Fowler, have put not less than \$60,000 into the purchase of the 250 acres of land, the buildings and equipment of the camp.

"A boy can regulate a boy better than a man can" is the theory of "Daddy" George, founder of the seven junior republics now in operation in the United States. The first foreign one is to be established in England, and the question is, whether Mr. George is soon going to "show them how."

If you want to see just how this republic principle works out, the best way is to do as I did—go out there, stay over night, attend the evening meeting, and come in the morning to the most interesting phases of this self-governed republic, visit the cottages, each presided over by a house mother and personally look over the whole plant—from the poultry pens to the print shop, the pens, the school and all the everyday regime of the incipient citizens of our great and glorious commonwealth.

We were met at Pomona by a gentle, sweet-faced house mother accompanied by a young citizen whom I shall call Bob—because that isn't his name. Bob came along to drive Doll, the big, raw-boned horse, attached to a buggy that has seen better days, but gets over the ground after Doll with surprising speed. The air—like—drifts of snow—over the fields of white-washed cottages on the crest of the rolling mass is one of the best parts of the trip. Behind you, tower the snow-covered peaks of our three great mountain monarchs—Old Baldy, Gray Back and San Jacinto. The first rays of the setting sun touched the snow-capped heights with a crimson glow and before the twilight shadows had already turned to purple the folds of the mountains.

Out in the country the peach orchards are just bursting into bloom these warm spring days—we passed acres of them—and the white drift of apricot blossoms foamed up between. The meadow larks and orioles made merry song and there was in the air

WHOSE SEEN THEM?

According to Frances, the older
of Harriet, the woman who
on the call was a slender and slender
and was dressed in a
old. The allured confederate
of the abductor was about 18
years old, slender, had dark brown
and wore a tan suit, faced
that greatly excited and nearly
over the loss of her
Frances gave a clear state-
ment of the kidnapping.

Harriet and I were standing just
out from the entrance to the
some hours of mine, while we were
for the first bell to ring,
had hold of my hand. All at
somebody brushed through the
of girls and grabbed her with-
out saying a word and walked off."

Harriet didn't want to go with
Frances, "for
and stamped and said that
they had to go to school. But they
almost
her between them."

IS IT FIRST WIFE?

Frances is decidedly reticent regard-
ing the problem and would make no
comment. He denied that he knew
the abductors were, but admitted
when questioned that the descrip-
tion furnished by his step-daughter
in some respects to the de-
of his first wife, the mother
of Harriet, who was dis-
nearly four years ago.

HOLDS NOTE IS GOOD.

The State Court yesterday
affirmed the judgment of the Superior
Court of Los Angeles in favor of
the plaintiff in an action brought
by C. C. Thom against C. P. Stew-
art to recover judgment for \$2750
on a note executed by Stewart to
the State Bank of the Com-
pany and assigned to Thom, covering
the sale of stock of the National Sugar
Company, pledged as collateral secu-
rity. Stewart admitted that the only
consideration was an agreement of
Thom, as agent of the United States
Fidelity and Guaranty Company, that
it Stewart gave the note. Eben C.
Thom, who is now the treasurer of
the company, said that he had
been compelled to take the note
in order to get the company to
make a loan to him.

FOR FEDERAL POSITIONS.

United States civil service exam-
inations will be held at the postof-
ice, room 228, as follows: Junior
chemist, male, April 24 and 25;
clerk, female, April 26; and
Mr. and Mrs. George H. Wig-
more of Thompson street. The plans
are arranged for them to sail for
Tokyo in May. At present he is sta-
tioned at the Washington barracks.

ASSEMBLED TALENT.

At one table sat Eugene Hewitt,
Caleb Bragg and Tedd Tetzlaff, three
of the speed demons who will compete
in the exciting automobile races
over the new \$500,000 boulevard at
the town-opening celebration next
Saturday. Across from them were
Phil Paulee, of Clifton, Turpin,
who with Ebel White, will perform
aerial stunts at the miniature
aviation meet that is to be held in
the afternoon, following the monster
barbecue under the supervision of
John G. Edwards, the world's most fa-
mous Spanish chef.

Those present were:

H. J. Whitley, Dr. Edwin James,
Harold Jans, H. H. Braly, Phil O.

Ford

Brings the Certainty of Satisfaction

Sound banks do not change presidents every year or two. People would not put their money into banks that did.

The same discretion should be used in buying an automobile, for in buying a car you are buying something that ought to repay you big dividends of satisfaction and service.

The Ford management is the same now as it was in 1903 when the company was organized.

It is a management intact unified in purpose, bent on making a car that shall do honor to the firm and give satisfaction to every owner.

Ford Model T—the car of Vanadium steel construction; Ford Planetary Transmission; Ford Magneto built into the motor; Ford Spring Suspension; the car of light weight, light cost and light expense of up-keep.

Ford branches and dealers in all cities, towns and villages are at your

service with Ford Service for Ford Owners.

"I'LL FIGHT RIVERS FOR A \$75,000 SIDE BET."

His Dutch Is Up.

WOLGAST DARES RIVERS TO WAGER KING'S RANSOM.

In a Letter to The Times, Ad Offers to Bet Rivers
\$20,000 He Can Stop the Four Best Men Joe Rivers
Met in Twenty Rounds—Can Name the Men.

I'll box at any weight
and bet any part of
75,000 that I beat Rivers
when I say any weight
I mean any weight.

Rivers names, only he
must post \$5,000 so I
won't be fall guy for
all his cheap advertising.

Ad Wolgast

T HE following letter was received yesterday from Ad Wolgast, lightweight champion of the world, now in Portland:

PORTLAND (Or.) March 28.

"Mr. Harry Carr, Sporting Editor Times, Los Angeles.

"Dear Friend: What title would I be defending boxing Rivers at 128
pounds? Who is Rivers that he demands that the lightweight champion come
under the legitimate weight limit, and why should I box him, winner take all,
when my end would be three times as large as his?"Why doesn't Rivers say he will box Wolgast at 128 ringside and bet
him as high as he cares to go, like a game fighter would?

"I'll box at any weight and bet any part of \$75,000 that I beat Rivers.

"When I say any weight I mean any weight Rivers names. Only he
must post \$5,000, so I won't be the fall guy for all his cheap advertising."If Rivers thinks Ad Wolgast is afraid of him and can't see the terms
I have made him, to show him up, I will bet him any part of \$20,000 that I
can stop the four best man he ever boxed. He can name the man and I'll
box the four in twenty rounds."McCary need not have got peevish when he got just what he could
expect after the talk we had. And at that, I never meant to insult Uncle
Tom, but sent the wire in about the same way as McCary sent his, which
read like this:"I'll give \$12,500 to box Rivers July 4. No privilege or percentage
moving pictures. All mine. Nearest contestant to take part in any contest
before July 4. Rivers good card here and won't sacrifice him for nothing.""Now, McCary could only be joking to send a wire to a champion of
that kind. It never was heard of before. And I am sure I have some good
friends in Los Angeles that want to see me get a square deal as well as
any one else. I am putting in my time earning \$1500 per week. Where can
Rivers ever get anything like that, and why should I care to fight unless I
get what I am entitled to?"Hoping to see you in a few days, also to find you enjoying the best
of health, I am, sincerely,

AD WOLGAST.

Good Guessing.

LONG SELLECTS LINE-UP FOR THE OPENING GAME.

(BY DIRECT WIRE TO THE TIMES.)

P ASO ROBLES, March 27.—[EX-
clusive Dispatch.] Manager D. W. Long, who is in the ring for the
name of the best pitcher, will carry the hopes of the Seals rooting
during the coming season of 1912. Now it is up to the other managers
in the league, for the Seal boss feels
pretty confident that he has whipped
into shape an aggregation of ball
players who will be hard to down,
bar none.The nine men chosen to open the
season with Oakland next Tuesday
will go to bat in the following order:Ottie McIver, right fielder; Kid
Mohler, second base; Tom Raftery,
center field; Chick Hartley, left field;
Art Jackson, first base; Roy Mc-
Cormick, shortstop; Roy Corhan, third
baseman; Claude Henley, catcher;
Clarence Henley, pitcher.Over half the team will make their
debut in Seal uniforms. There will be
a whole new squad of outfielders, and
it was the selection of the outer
gardeners that kept Manager Long
awake. The other Seals cinched their
new uniforms with Corhan and Jackson the newcomers,
and the six outfielders battled until
this morning's practice to win regular
berths.The Seals will carry the limit of
five outfielders all season and one of
the crack pitchers must make the
plank. The choice lies between New-
ard Mundorf and Walt Powell.

Yes, Mr. Wad Is Still There, But He's in No Condition to Appear in Public at That!!

COUNTRY CLUB GOSSIP.

BY ALMA WHITAKER.

The club championship at the Annandale Country Club is the chief item of golf interest this week. W. K. Jewett defeated Armine Head 1 up at the twenty-fourth hole, a win which has improved upon their qualifying. Clifford defeated Hixon by 3 and 2. Hugo Johnston was by defeat from Newby, and J. V. Elliot fell to Johnson, 4 and 2. E. H. Wright accounted for Arthur Brady 4 and 2. E. H. Strafford drew a bye. Armstrong defeated A. S. French by 1 and E. H. Williams defeated E. P. Morris by 1 up, after an excellent match.

The semi-final matches were closed yesterday. Jewett defeating Newby by 5 and 4. The match between Hugo Johnston and McLaughlin was interesting if for no other reason than that McLaughlin always wins his matches and it is a nice win to be defeated by McLaughlin, 4 up and 1. E. H. Wright defeated E. H. Hodges by 5 and 4, and Armstrong easily succeeded in vanquishing E. H. Morris by 1 up, after an excellent match.

In the semi-finals today, Jewett and McLaughlin meet, they frequently play together, and are firm friends, so that won't prevent McLaughlin from getting a win. E. H. Wright plays E. S. Armstrong, with him largely rests the question whether Armstrong is to add a third championship to his laurels.

On Saturday, the Victoria Club will have a tourney from Riverside to one of their postponed league matches, in which all good Annandaleans return to Redlands for the invitation tournament, and their league match.

Redlands is a nine-hole course, so if the schedule is adhered to, it looks as if Saturday is to be considerably crowded.

Victoria Club, Riverside.

The trials for the woman's championship of Southern California, between Mrs. Henry Van Dyke and Mrs. L. M. Kennett, will take place on the Victoria Club course on Tuesday next, April 2.

It will be remembered that owing to the rains the final match had to be postponed, when the original meet was held last week. The trial will be in the fall, in the match between both ladies being celebrated players, who have taken part in most of the nation's big golf events for women.

Kennett has twice before been beaten by Van Dyke, and she is still largely resting on the question whether Armstrong is to add a third championship to his laurels.

On Saturday, the Victoria Club will have a tourney from Riverside to one of their postponed league matches,

in which all good Annandaleans return to Redlands for the invitation tournament, and their league match.

Redlands is a nine-hole course, so if the schedule is adhered to, it looks as if Saturday is to be considerably crowded.

Victoria Club, Riverside.

The Limit.

VAN COURT FINDS CLASS AT NEWSBOYS' BALL.

Was Tough Going for Stags at First Sound of Gong Says "Times" Boxing Expert, but "Gents Without Skirts" Were Strong at Finish—Sidelight on Annual Spiel.

BY DEWITT VAN COURT.

Do you go to the newsboys' ball structures, sent them to their corners and again called them. There was a rush that looked like a battle royal, each trying to find his partner. They all swung their rights and lefts, then clinched hard until the bell rang. This made a hit with the boys. It reminded them of the rush for papers in the back alleys of the newsboy offices. It all broke in a merry laugh and no one got sore.

Jew Kid Curran came late with

the first to arrive was Slim with his lady. "Hello, Van," said Slim, "this is going to be some dance tonight and I am not going to miss any of it. This is the best floor in the town. I come here several times a week and am good for at least a couple of hours. I am just to detect before he could finish, "the Spiel." Frisco walked in with an anxious look on his face. The hallway was at that time full of stags, all looking for a skirt. Frisco's chances looked slim—there were two stags to one skater.

They were two stags to one skater. They came in and the stags joined in crowds, and by the time the first dance started the hall was well filled. The boys all agreed to wear full dress suits, but got cold feet at the last minute. When Potts arrived in a new suit, it was the envy of all girls and created a sensation.

"You are a game guy," said Kid Spire. "I intended to wear one, but was afraid some guy would pull the tails off."

"If anybody starts anything of that kind with me," said Potts, "there will be a rough house."

A few minutes later Joe Rivers walked in with a pretty girl and Paul Vale, his old-time chum. When Dr. Tully rang the bell for the first dance, the girls all ran for the door. They piled through the door so fast that I thought they had got out an extra, and the gang was going for those papers. It was so fierce. Those boys are sure that with the two-tenths, the stags after they got together, I spied club-foot Joe Rogers coming down the hall like a Mississippi gunboat. I looked for a collision every second, but Joe was there with his biggest and all. It was a treat to see him in his new twirler and side-step through that crowd.

"Look out with those feet," said White Rooney as Joe came around the second time.

"Never mind," said Joe. "I get the just the same."

He was the envy of all the boys. He had the prettiest brunette in the hall.

"Well," said Rooney, "I must hunt up a skirt and get my skates busy too, or I will be getting left out." He then disappeared in the crowd.

Bob Morris, Buddy Nathan and Babe Davis came in without any dolls and had to hustle for a dance. During the second round, two pretty dolls were caught dancing together. The more they danced, the more they called time and announced that they would have to cut that out. No two "its" would be allowed to dance together.

It must be a "he" and an "it" or nothing, and the dance went on. The dolls, who each abided by a newsboy, and because they knew it, had half way around the hall, never missing a step.

Kid Snyder, manager of T-Billy's steaks, was there with belle. The kid said he did not dance, but admitted that nothing was better.

MOTIONS DENIED.

Judge W. A. Sloane of the Superior
Court, yesterday denied the motion of At-
torney John W. Moore to set aside the
indictments returned against ten
members of the I.W.W., for attempting
to demolish the City Jail. The
court's decision against attacks of the
I.W.W. was a victory for H. E. Utley
and his chief assistant, E. D. Mc-
Kee. Through McKee the District
Attorney met every attack of At-
torney Moore with refutations of state-
ment that the indictments were not
proper.Following Judge Sloane's decision
Attorney Moore filed a demurrer to
the charge in the indictment, which
he argued later.The point of attack raised by Moore
was the point of the trial court, according
to Judge Sloane. His principal
attack was on the ground that when
the matter of the jail destruction was
brought to the grand jury's attention
by Utley, Utley, the proper ad-
mission was not given by the fore-
man.Moore argued that because the
names of all the defendants were not
read to the grand jury that it did
not have the penal code and
that it had no knowledge of the
laws which were prejudiced against the
defendants.In his answer he shows that the
sisters were well remembered from
their father's estate, from which each
received large parcels of land, besides
other property. The mother was mentally
incompetent to transact business when the
deed was signed, that she did not know its
nature, and that Seely led her to sign
the deed, in order to defraud his sis-
ters.

CAUGHT IN SNOWSLIDE.

Richard Covington and George Al-
bert, two adventurous Englishmen,
had a thrilling experience on the
San Bernardino Mountains Sunday,
descended for 1000 feet due to
an avalanche of ice and snow. They
lost all their provisions and for two
days were practically without nour-
ishment other than what they could
find from roots dug from the frozen
earth.At Dollar Lake they discovered a
cache of provisions left by Engineer
W. L. Brown of this city, and this
gave them their salvation. They reached
town today showing marked indica-
tions of their unusually rough exper-
ience.

CHASED INTO RIVER.

Relentless pursuit of Bert Lane and
H. Langley, charged with attempting
to steal rich bullion from the Central
Lode Company on the desert lan-
guish, continued yesterday. The probable
death of Langley, who leaped from
a cliff, disappearing in the Colorado
River. Lane made the jump safely
and was seen to swim the river and
disappear on the farther shore.News of the final roundup here
today. Particulars are lacking. The
pursuit continued for over a week.
No further effort will be made to ap-
prehend Lane, who, it is believed,
has escaped into the hills of Nevada,
where he would be safe.Moore argued that because the
names of the names of the defendants
were not read to the grand jury, the
defendants were not prejudiced.Commenting on these arguments
Judge Sloane stated that whether or
not the grand jurors had been suffi-
ciently advised as to the nature of
the case they were to investigate, was
not the question. He differed with
the opinion of the reading
of the names of the defendants
to the grand jury, which invalidated the
indictment.Frank L. Brown, 70 years old, his
wife, 55, and a son of 6, have ap-
pealed to the authorities for aid,
claiming to have tramped all the way
from Morenci, Arizona, to a city of
thousands seeking work. He claims to be a war veteran. Unless
he can secure aid and work here he
declares he and his family will re-
turn to the Imperial Valley their destination.The fact that the District At-
torney Moore failed to inform the
jurors that the case in his investi-
gation was that in the City Jail
the I.W.W. confined in the City Jail
was charged with tearing up
the jail, he was prejudiced against any
of the defendants," said Judge Sloane.John Sloane also said that in a
joke, whose mind was perplexed
and who remained in the jury-room
being admonished, the only
thing he could say was that the
defendants would be as
bad as the case of Adam Wetherby.

ENGINEER'S PLANS.

Although the Council is in pos-
session of Harbo's Engineer E. M.
Clegg's plans and specifications for
a monolithic dock 1000 feet long, that
he is preparing for bids for construc-
tion and the engineer completes
the bulkhead specifications which
extending from the south line of the
harbor to the south line of the
harbor.According to the specifications the
overall will be 750 feet out from
the present shore. The engineer
figures that this will give the
newly-constructed tide
gravel areas every acre to be
about \$20,000 and that the sixty acres
more than the entire harbor im-
provement for which \$1,000,000
has been voted.

ENGINEER ARRESTED.

William L. Roscoe, inventor, is be-
ing held by the police on charges of
conspiracy, said to have been
committed by several of the prisoners.
But few of them have ever voted.
Many of them are foreigners who
have never been naturalized. Out ofKing or Queen in reign
over 54 years (Boston).
Other, said on merit. Other
months up.

Walter L. House, manager of the campaign of Senator La Follette, will remain in Los Angeles to-morrow or Saturday to begin campaigning for the Wisconsin candidate in his coming to the city. His coming will precede that of La Follette himself only by a short period. House is to lay the plans for the State-wide campaign La Follette expects to make in the Roosevelt campaign that Gov. Johnson and his allies are planning. The stay of both House and La Follette is uncertain, but it will not be short.

"It will be North Dakota over again," said President Kase of the La Follette State league, yesterday. Both House and La Follette attended personally to that campaign which gave La Follette the North Dakotan nomination by 10,000 over Senator Roosevelt.

Of course, there is little chance of La Follette carrying California, but there is a mighty good chance that he will be second to President Taft in the final tabulation.

La Follette was somewhat cleared by the New York and Indiana results and the Roosevelt candidacy showed signs of withering rapidly. It is because of this appearance of the Johnson machine's candidacy that the La Follette forces want to crowd the fighting. Just now the Johnson insurgents do not know whether they will have Roosevelt for a candidate in ten days or not and they do not know how to act.

At Sacramento yesterday when the Governor was asked whether he would answer the challenge of the La Follette organization to a debate with W. E. Smythe, replied he "was not interested in personalities." It is possible he will have to discuss personalities when La Follette takes the stump in California and pleads his own cause and tells of the Johnson machine's betrayal of him.

If Los Angeles county is to have a registration of 200,000 for the May Presidential primary election the voters will have to register at the rate of 2200 a day from now on to reach the mark. At present there are 157,311 registered voters in the county, this being the total at the close of registration. The Governor's office Tuesday night. He still hopes for a 300,000 registration but that means \$3,000 in a little more than two weeks time, as the registration for the Presidential primary will close Saturday, April 13.

Figures from the registration totals yesterday are interesting, if somewhat apathetic as to the Presidential answer. For instance, there are 14,400 men registered and only 12,881 women. Of this sex distribution there are 57,000 men in the city and 47,000 women, while in the county there are 29,385 men and 23,493 women. The proportion of the total to one woman is steadily maintained.

Of course, the registration office is not up with its segregation of the sexes and parties, but the latter work has advanced far enough to disclose when the primary results will be taken. The first 5,461 registrations segregated as a basis, and dividing the total of yesterday—157,370—by the same percentages as the party affiliation showed, the following table is produced:

SEGREGATED.	
Estimated	Per Thousand
Republican	50.41
Democratic	21.90
Socialist	6.195
Progressive	2.84
Others	12.64
Total	100.00
	100.00

It may reasonably be assumed that if the Republican registration continues as it has so far at 60 per cent, the total then will be 120,000. If the total is 200,000, the county vote is reached. It is safe to assume probably that there will be 110,000 registered Republicans, men and women, May 14, when the primary is held. It may be fair to assume that 50 per cent of the registered vote will be a safe estimate of the vote that may be cast, thus giving 55,000 Republican ballots in the box for all candidates. And, accepting this figure, an average of ninety-seven Republicans will be cast in the 467 precincts of the county.

Because of the new precincting and because this is the first try-out of Presidential preference primary law there is absolutely no basis on which to estimate the vote that will be cast if the vote of 1908 is to be taken. President Taft will win overwhelmingly in this county. But it is not an index. Probably the completed registration after registration closes will give some light, but at present all statistics are mute as to the Presidential result.

The table discloses a remarkable number of voters who appear without party affiliation. More than one-eighth of the entire registration has not stated any party affiliation. Of course, this will, if not corrected before April 12, disqualify the more than 10,000 who now reside that district. Thousands of them do not know that they will not be permitted to vote at the Presidential primary unless they state their party affiliation. It is true, however, that the "not-stated" class in the old registrations preserved from the city section of last December, which was non-partisan, but this does not remove the disability at the primary election, for the old registration, by special provision of the law, permits the old registration to survive the primary election.

In order to vote at the primary each of the 20,000 in the "not-stated" class must re-register before two weeks from next Saturday, and give party affiliation.

It is equally true that any Taft Republican, man or woman, who has not registered or was registered without party affiliation before the city registration must, before the same day record his registration or be barred from the primaries.

There has been practically no Socialist registration this year because the party does not participate in the Presidential primary, preferring to select its candidate in convention according to its own methods. Besides its national convention is to be held at Indianapolis, May 22, only two days before the California primary, and there is no contest between Socialists for first place on their ticket. But it has been noticed that there has been a large registration of them, and this is due to the Socialist in the city campaign since the Roosevelt candidacy was exposed by the Johnson insurgent machine. Many of the well-known leaders of the Socialist in the city campaign have abandoned their registration from Socialist to Republican or Democratic. There is no disingenuous of their purpose. They say, having no interest as Socialists in the primary race, are free to enter it behind either La Follette or Wilson and these candi-

May Find Out.

CITY PLANNING BODY, WHAT'S ITS STATUS?

BETWEEN the City Planning Commission and the Los Angeles Bell it is expected that the present City Council will be led to a show of hands in a few weeks as to whether the commission is to receive official recognition or not. It was appointed in November, 1910, by Mayor Alexander, following the suggestions of Frederick Law Olmsted, landscape architect, but immediately something seemed to happen to block its proposed work. Several of the members of the last City Council treated it with scarcely veiled hostility, and while it was promised the co-operation of the Board of Public Works, one of whose members, William M. Humphreys, is also a member of the commission, that appears to have been all the encouragement it has received. So far.

Yesterday City Clerk Handley wrote to the Bell replying to a letter from that organization asking that all contemplated street improvements be submitted to the City Planning Commission, or from any other source.

dates are likely to get a small percentage of the Republican and Democratic votes on primary day.

The forces of all Presidential candidates are finishing their petitions to get the names and grouped delegations to the State ballot. What may be done up to thirty-five days before the date of the election, which would be April 9, another section of the law gives the county clerks with whom Congressional delegations are to be filed the right to check the lists of signers, so that all parties expect to be safely in official hands by next Tuesday.

Chairman Station of the Taft Republicans will complete his petitions for the Ninth, Tenth and Eleventh districts today, and there is still opportunity for those who wish to add their names to the lists to call at the headquarters in the Angels Hotel this evening. About 150 clerks yesterday signed among them Andy McNally, a well-known contractor and long a Democratic worker, who said he has decided that Taft has earned the support of every Californian.

There will be no use, apparently, for the "no preference" or the "un-grouped" columns of the Presidential ballot. The only likely ticket of delegates to any national convention in the State are those chosen by the organizations of the candidates. It appears that the only Republican candidates on the ballot will be Taft, Roosevelt and La Follette, while the Prohibs were excluded by the 2 per cent rule, and Cummings, Harmon and Underwood and all the favorite sons have made no effort to get on the California ballot.

A dispatch from Sacramento yesterday.

"In a communication today to Secretary of State Jordan, President Taft endorses the list of twenty-six delegates proposed by the Taft organization for the presidential ballot, plus one to support his candidacy before the Chicago Republican National Convention.

"The Taft managers in this State today filed the official biography of the President with the Secretary of State. This formal procedure is for the purpose of having his biography distributed by the several county clerks to the Republican voters in California.

"It was announced in the Secretary of State's office that the petitions for the Democratic candidate for President and for the purpose of having his name placed on the primary ballot are practically complete."

Politicians have been interested in the performances of the Rowell family, who speak through the Fresno Republican, in their division between the Roosevelt and Taft forces. When Nephew-Editor "Chester" Rowell is running, and the editor of the "Good Work of Redeeming the Habitually Obsessive."

"When highbrowed was in flower," it was the habit of the Rowell family to say, "no king or baron could ever tell what the morrow would bring forth—and the race went to the fleet—and the fleet to the race."

"Since those halcyon days of lean utility, conditions have changed, and the members of rags households have eaten much more sumptuously. Miss Glass' toll, and today European nobility is noted for its numerous fleash scions and daughters."

Politicians are also suffering in this, perhaps, for others who never possessed a title are also suffering from the same malady. But the interesting feature is that the same title in the same courts may again be noted for the slender and knightly, because an American girl fitted it all out on her own account.

Miss Glass, of Fresno, Calif., a Dancer, Col., who became noted as the "Oscar Girl" while still in her teens, soon found the golden wand deserting her.

Now she has reclaimed herself, with the drug diet of harmful exercises, or anything else that will do the trick.

Now her treatment has gone forward to Queen Alexandra of England, and the Empress of Germany, as well as many others throughout America have learned that she again reclaimed herself, without drugs, diet or harmful exercises, or anything else that will do the trick.
